Renaissance Rewritings Helmut Pfeiffer,Irene Fantappiè,Tobias Roth,2017-09-25 Rewriting is one of the most crucial but at the same time one of the most elusive concepts of literary scholarship In order to contribute to a further reassessment of such a notion this volume investigates a wide range of medieval and early modern literary transformations especially focusing on texts and contexts of Italian and French Renaissance literature The first section of the book Rewriting gathers essays which examine medieval and early modern rewritings while also pointing out the theoretical implications raised by such texts The second part Rewritings in Early Modern Literature collects contributions which account for different practices of rewriting in the Italian and French Renaissance for instance by analysing dynamics of repetition and duplication verbatim reproduction and free reworking textual production and authorial self fashioning alterity and identity replication and multiplication The volume strives at shedding light on the complexity of the relationship between early modern and ancient literature perfectly summed up in the motto written by Pietro Aretino in a letter to his friend the painter Giulio Romano in 1542 Essere modernamente antichi e anticamente moderni *La lettere di Michelangelo Buonarroto* Gaetano Milanese,2014

English and Italian fugitive verses and translations Sebastiano FENZI,1860 **Creating the "Divine" Artist: From Dante to Michelangelo** Patricia Emison,2004-05-01 Turning a skeptical eye on the idea that Renaissance artists were widely believed to be as utterly admirable as Vasari claimed this book re opens the question of why artists were praised and

by whom and specifically why the language of divinity was invoked a practice the ancients did not license The epithet divino is examined in the context of claims to liberal arts status and to analogy with poets musicians and other uomini famossi The reputations of Michelangelo and Brunelleschi are compared not only with each other but with those of Dante and Ariosto of Aretino and of the ubiquitous beloved of the sonnet tradition Nineteenth century reformulations of the idea of Renaissance artistic divinity are treated in the epilogue and twentieth century treatments of the idea of artistic ingegno in an appendix

Shakespeare's Pericles and Apollonius of Tyre Albert H. Smyth, 1898 **Petrarch and Sixteenth-Century Italian**

Portraiture Ilaria Bernocchi, Nicolò Morelli, Federica Pich, 2025-10-01 The volume presents a wide ranging investigation of the ways in which Petrarch's legacy informed the relationship between visual and literary portraits in sixteenth century Italy Petrarch's vast literary production influenced the intellectual framework in which new models of representation and self representation developed during the Renaissance His two sonnets on Laura's portrait by Simone Martini and his ambivalent fascination with the illusionary power of portraiture in his Latin texts such as the Secretum the Familiares and De remediis utriusque fortune constituted the theoretical reference for artists and writers alike In a century dominated by the rhetorical comparison between art and literature ut pictura poesis and by the paragone debate the interplay between Petrarch's oeuvre Petrarchism and portraiture shaped the discourse on the relationship between the sitter's physical image and their inner life The volume brings together diverse interdisciplinary contributions that explore the subject through a rich body of literary and visual sources

The Renaissance of Roman Colonization Jeremia Pelgrom, Arthur Weststeijn, 2020-11-26 The colonization policies of Ancient Rome followed a range of legal arrangements concerning property distribution and state formation documented in fragmented textual and epigraphic sources When antiquarian scholars rediscovered and scrutinized these sources in the Renaissance their analysis of the Roman colonial model formed the intellectual background for modern visions of empire What does it mean to exercise power at and over distance This book foregrounds the pioneering contribution to this debate of the great Italian Renaissance scholar Carlo Sigonio 1522-384 His comprehensive legal interpretation of Roman society and Roman colonization which for more than two centuries remained the leading account of Roman history has been of immense but long disregarded significance for the modern understanding of Roman colonial practices and of the legal organization and implications of empire Bringing together experts on Roman history the history of classical scholarship and the history of international law this book analyzes the context making and impact of Sigonio's reconstruction of the Roman colonial model It shows how his legal interpretation of Roman colonization originated and how it informed the development of legal colonial discourse from imperial reform and colonial independence in the nascent United States of America to Enlightenment accounts of property distribution Through a detailed analysis of scholarly and political visions of Roman colonization from the Renaissance to today this book shows the enduring relevance of legal interpretations of the Roman colonial model for modern experiences of empire

In Michelangelo's Mirror Morten Steen Hansen, 2013

Explores the imitation of Michelangelo by three artists Perino del Vaga Daniele da Volterra and Pellegrino Tibaldi from the 1520s to the time around Michelangelo's death in 1564 Argues that his Mannerist followers applied imitation to identify with and or create ironical distance from to the older artist Provided by publisher *The Magazine of Art* Marion Harry Spielmann, 1888 [An Overview of Leonardo's Career and Projects Until C.1500](#) Claire J. Farago, 1999 Also available as the second book in a five volume set ISBN 0815329334 [Michelangelo's Poetry and Iconography in the Heart of the Reformation](#) Ambra Moroncini, 2017-04-07 Contextualizing Michelangelo's poetry and spirituality within the framework of the religious Zeitgeist of his era this study investigates his poetic production to shed new light on the artist's religious beliefs and unique language of art Author Ambra Moroncini looks first and foremost at Michelangelo the poet and proposes a thought provoking reading of Michelangelo's most controversial artistic production between 1536 and c 1550 The Last Judgment his devotional drawings made for Vittoria Colonna and his last frescoes for the Pauline Chapel Using theological and literary analyses which draw upon reformist and Protestant scriptural writings as well as on Michelangelo's own *rime spirituali* and Vittoria Colonna's spiritual lyrics Moroncini proposes a compelling argument for the impact that the Reformation had on one of the greatest minds of the Italian Renaissance It brings to light how in the second quarter of the sixteenth century in Italy Michelangelo's poetry and aesthetic conception were strongly inspired by the revived *theologia crucis* of evangelical spirituality rather than by the *theologia gloriae* of Catholic teaching **Vasari's Words** Douglas Biow, 2018-10-18 In this book Douglas Biow analyzes Vasari's *Lives of the Artists* often considered the first great work of art history in the modern era from a new perspective He focuses on key words and shows how they address a variety of compelling culturally determined ideas circulating in late Renaissance Italy The keywords chosen for this study investigate five seemingly divergent yet still interconnected ideas What does it mean to have a profession *professione* and possess genius *ingegno* in the visual arts How is speed *prestezza* valued among visual artists of the period and how is time *tempo* conceptualized in Vasari's narrative and descriptions of visual art Finally how is the night *notte* conceived and visually represented as a distinct span of time in *The Lives* Written in an engaging manner for specialists and non specialists alike Vasari's *Words* places the *Lives* a truly foundational and innovative book of Western culture within the context of the modern discipline of intellectual history
