Advances in Operations Research Education Jeroen Beliën,Ana Paula Teixeira,Hans W.Ittmann,João Luís de Miranda,Marco Laumanns,Margarida Vaz Pato,2018-02-16 This edited monograph contains a comprehensive overview of educational developments in the fields of operations research OR and management science MS The book outlines key factors in OR MS curricular programs and analyses different approaches regarding student enrollment and failure rates The approach is genuinely international whereas the focus lies on the European level The target audience primarily comprises public policy planners in education deans and school directors as well as program coordinators *Unleashing Growth and Strengthening Resilience in the Caribbean* Mr.Krishna Srinivasan,Ms.Inci Otker,Ms.Uma Ramakrishnan,Mr.Trevor Serge Coleridge Alleyne,2017-11-13 This book provides a diagnosis of the central economic and financial challenges facing Caribbean policymakers and offers broad policy recommendations for promoting a sustained and inclusive increase in economic well being The analysis highlights the need for Caribbean economies to make a concerted effort to break the feedback loops between weak macroeconomic fundamentals notably pertaining to fiscal positions and financial sector strains and structural impediments such as high electricity costs limited financial deepening violent crime and brain drain which have depressed private investment and growth A recurring theme in the book is the need for greater regional coordination in

finding solutions to address the Caribbean's shared and intertwined macroeconomic and structural challenges. The analysis suggests that strengthening regional and global market integration of Caribbean economies would provide an impetus to sustained growth in incomes and jobs. Greater regional and global economic integration would also facilitate structural transformation and a shift toward new economic activities resulting in more diversified and less vulnerable economies. A central challenge for the Caribbean is thus to come together as a region, overcome the limitations posed by size and garner the benefits of globalization. Efforts should build on existing regional arrangements, accelerating progress in implementing these agreements would stimulate trade. Policymakers could also promote deeper integration with Latin America and the rest of the world by pursuing new trade agreements, leveraging current agreements more effectively or deepening them to include areas beyond traditional trade issues and developing port and transport infrastructure.
