

KEY

Lines of symmetry

Symmetry means equally balanced - if you split it in half, both sides are identical. See below.

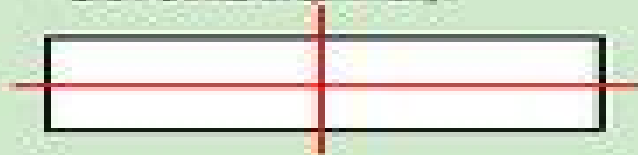

When you cut the square in half, left and right are equal.

However, a square does not just have 4 lines of symmetry.

Can you find all the lines of symmetry in the drawing?

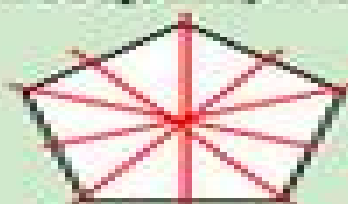

Draw 2 lines of symmetry.

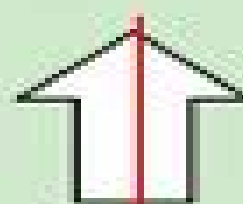

Draw 3 lines of symmetry.

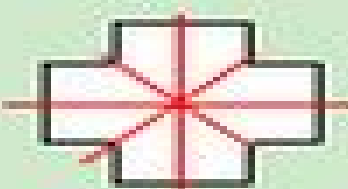

How many lines of symmetry did you find for the shapes below? Remember, a line of symmetry will split a shape exactly in half.

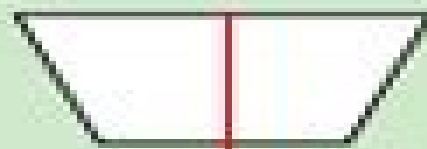

5 lines
All are equal

1 line
All are equal

4 lines
All are equal

1 line
All are equal
