When you're part demon a simple ghost clearing should be routine. But when the ghost turns out to be bait, all bets are off. Caleb Lockwood is finally settling into his new life in Las Vegas, flipping houses and keeping his demonic heritage under wraps. But after his friend and business partner Delia Dunne gets called to handle a haunting in the river town of Laughlin, his supernatural instincts scream danger. Delia's psychic abilities are growing stronger by the day, making her a target for forces that see her as the key to unlocking something far worse than a simple haunting. When she stops checking in from Laughlin, Caleb knows his worst fears are coming true. Racing to the rescue with an angelic ally and a determined private investigator, Caleb discovers that Laughlin's position on the Colorado River makes it the perfect prison and the perfect weapon. A demon executive is using Delia's amplified powers to strengthen an ancient gateway to Hell, and the only way to stop him is to venture into his underground lair beneath a casino built on mystical energy. But closing a portal to Hell requires both human and demonic blood, and the enemy isn't going down without doing his best to drag Caleb back to the underworld. With Delia's life hanging in the balance and new guardians needed to protect the river's power, some gambles are worth more than money; they're worth everything. Perfect for fans of Ilona Andrews and Patricia Briggs, this devilishly entertaining sequel serves up river magic, casino intrigue, and a romance that's literally heaven and hell. The house always wins, but sometimes the house needs saving. **Keywords:** psychic, mind reader, mentalist, demon, devil, possession, haunting, ghost, spirit, haunted house, horror, demonic, summoning, reality television, cable show, ghosthunter, Las Vegas, Laughlin, Nevada, angel, private detective, witch, wiccan, protection, spell.

Silver Linings Christine Pope, 2025-04-03 Some legends are real. Some secrets are worth protecting. Sidney Lowell didn't plan to return to Silver Hollow, her sleepy hometown nestled against ancient forests in Humboldt County. But when her mother and grandmother vanish without a trace while investigating the mysterious creatures that have appeared to the women in her family for generations, Sidney has no choice but to come home. Almost finished with veterinary school but lacking her diploma, Sidney takes over the family pet shop while searching for answers. The magical beings that only appear to the women in her family might hold the key to her mother's disappearance if only she knew how to communicate with them. Ben Sanders, a struggling cryptozoologist with a YouTube channel and a failed academic career, arrives in Silver Hollow chasing rumors of a glowing white horse in the woods. What he finds instead is Sidney, guarded, capable, and hiding secrets that could make his career or destroy what's left of her family legacy. When a logging company threatens the ancient forest that serves as a crossing between worlds, Sidney and Ben must race to protect the magical gateway. As they uncover Celtic symbols carved into trees and standing stones that appear only during the dark of the moon, the truth becomes clear: Sidney's missing family didn't just disappear; they crossed over. With the unicorn as their guide and corporate greed threatening to destroy the portal forever, Sidney must decide who to trust with her family's centuries-old secret. Because saving the crossing might reunite her with her mother and grandmother or seal them away in another world forever. **Trial by Fire** Christine Pope, 2025-10-12 Some guardians are born. Some are forged in fire. Sidney Lowell has

accepted her role as the guardian of Silver Hollow but she's far from prepared when an electromagnetic pulse rips through the town at dawn plunging everything into darkness. The distress signal she senses through her inherited abilities isn't just any creature dying in the forest; it's a phoenix and its corruption could collapse the dimensional portal forever trapping her mother and grandmother on the other side. Ben Sanders came to Silver Hollow as a cryptozoologist chasing legends. Now he's the most important person in Sidney's life, his bioelectric field amplifying her powers in ways neither of them fully understands. When his equipment registers readings consistent with a solar flare but localized to a two-mile radius, they both know this is no natural phenomenon. What they discover in the forest clearing is worse than either imagined: the phoenix's fire is tainted with shadows, its natural death and rebirth cycle sabotaged by an artificial electromagnetic signal. And the government agency responsible has been watching Sidney all along, engineering her relationship with Ben to weaponize her abilities. As the phoenix's corruption spreads past the point of no return, Sidney faces an impossible situation: she must merge her consciousness completely with the dying creature to cleanse the fire, risking the loss of her own humanity in the process. With DAPI closing in and the portal network on the verge of cascade failure, Sidney must decide how much of herself she's willing to sacrifice. Because saving the phoenix might destroy the artificial portal and reunite her family, or it might cost Sidney everything she is leaving behind: only fire and ash.
