Sweeter The Juice A Family Memoir In Black And White:

The Sweeter the Juice Shirlee T. Haizlip, 1995-04-01 The Sweeter the Juice is a provocative memoir that goes to the heart of our American identity Shirlee Taylor Haizlip in an effort to reconcile the dissonance between her black persona and her undeniably multiracial heritage started on a journey of discovery that took her over thousands of miles and hundreds of years While searching for her mother's family Haizlip confronted the deeply intertwined but often suppressed tensions between race and skin color We are drawn in by the story of an African American family Some members chose to cross over and pass for white while others enjoyed a successful black life Their stories weave a tale of tangled ancestry mixed blood and identity issues from the 17th century to the present The Sweeter the Juice is a memoir a social history a biography and an autobiography Haizlip gives to us the quintessential American story unveiling truths about race about our society and about the ways in which we all perceive and judge one another

Race and Family Roberta L. Coles, 2006 The author provided interesting original examples which I found engaging I think the biggest strength is avoiding the one ethnicity per chapter approach found in so many books on family diversity I like the structural approach Hilary A Rose Concordia University A very useful book as a companion text for courses on race and ethnicity The chapters are easy to follow for undergraduate students Renxin Yang Northern Michigan University I think the book is needed because there are limited choices currently available and this book is moving in the right direction A strength is that it is not an edited book like so many other books on this topic There is a need for detailed study of ethnic minority families and I am excited about making this book my required text for my Ethnic Families Course Cheryl Burgan Evans Miami University I find the emphasis on social structure particularly appealing To date I have used Taylor's edited book which depends on the instructor to provide all of the integration Gretchen Cornwell Pennsylvania State University In Race and Family A Structural Approach author Roberta L Coles looks at ethnic minority families in a novel way through a structural lens Unlike many texts on race and family this book offers an approach that illustrates overarching structural factors affecting all families as opposed to examining each ethnicity in isolation from one another By focusing on various structural factors such as demographic economic and historical aspects this book analyzes various family trends in a cross cutting manner to exemplify the similarities and distinctions among all racial and ethnic groups Key Features Establishes commonalities and differences across various cultures within American society in an approach that enables students to better compare and contrast different ethnic groups Covers multiracial families in addition to traditional ethnic groups such as African American Native American Latino American and Asian American to provide the most contemporary examination of American families Uses the latest research and Census data to present a relevant assessment of trends in family structure gender relations intergenerational relations family violence acculturation interracial marriage and adoption in an increasingly diverse

Birthmarks Sandra Lee Patton, 2000-11 An empathetic study of the meanings of cross racial adoption to adoptees Law and Politics Book Review Can White parents teach their Black children African American culture and history Can they impart to them the survival skills necessary to survive in the racially stratified United States Concerns over racial identity have been at the center of controversies over transracial adoption since the 1970s as questions continually arise about whether White parents are capable of instilling a positive sense of African American identity in their Black children Through in depth interviews with adult transracial adoptees as well as with social workers in adoption agencies Sandra Patton herself an adoptee explores the social construction of race identity gender and family and the ways in which these interact with public policy about adoption Patton offers a compelling overview of the issues at stake in transracial adoption She discusses recent changes in adoption and social welfare policy which prohibit consideration of race in the placement of children as well as public policy definitions of bad mothers which can foster coerced aspects of adoption to show how the lives of transracial adoptees have been shaped by the policies of the U S child welfare system Neither an argument for nor against the practice of transracial adoption BirthMarks seeks to counter the dominant public view of this practice as a panacea to the so called epidemic of illegitimacy and the misfortune of infertility among the middle class with a more nuanced view that gives voice to those directly involved shedding light on the ways in which Black and multiracial adoptees articulate their own identity experiences

The Morality of Adoption Timothy Patrick Jackson, 2005 The Religion Marriage and Family Series investigates marriage and family as major theological and cultural issues Given that both society and the church have debated these topics intensely but have actually studied them very little this series attempts to correct recent theological neglect of these important matters
