Wd My Live Problems:

Heidegger and the Problem of Knowledge Charles B. Guignon, 1983-01-01 What Guignon does very skillfully is to use the problem of knowledge as a focus for organizing a discussion of Heidegger's thought in its entirety. Places him squarely within the philosophical tradition he struggled to overcome and provides an account of his development from *Being and Time* to the last writings. This book examines the rich and varied engagement of fifth-century lyric and drama with the poetic corpus attributed to Hesiod, as well as with the poetic figure of Hesiod. The first

half of the book is dedicated to Hesiodic reception in Pindaric and Bacchylidean poetry with a particular focus on poetics genealogies and mythological narratives and didactic voices The second half examines how Hesiodic narratives are approached and appropriated in tragedy and satyr drama especially in the Prometheus plays and in Euripides Ion It also explores the multifaceted engagement of Old Comedy with the poetry and authority associated with Hesiod Through close readings of numerous case studies the book surveys the complex landscape of Hesiodic reception in the fifth century BCE focusing primarily on lyric and dramatic responses to the Hesiodic tradition

Enlightening: Letters 1946 - 1960 Isaiah Berlin, 2012-06-30 People are my landscape Isaiah Berlin liked to say and nowhere is the truth of this observation more evident than in his letters He is a fascinated watcher of human beings in all their variety and revels in describing them to his many correspondents His letters combine ironic social comedy and a passionate concern for individual freedom His interpretation of political events historical and contemporary and his views on how life should be lived are always grounded in the personal and his fiercest condemnation is reserved for purveyors of grand abstract theories that ignore what people are really like This second volume of Berlin's letters takes up the story when after war service in the United States he returns to life as an Oxford don Against the background of post war austerity the letters chart years of academic frustration and self doubt the intellectual explosion when he moves from philosophy to the history of ideas his growing national fame as broadcaster and lecturer the publication of some of his best known works his election to a professorship and his reaction to knighthood These are the years too of momentous developments in his private life the bachelor don's loss of sexual innocence the emotional turmoil of his father's death his courtship of a married woman and transformation into husband and stepfather Above all these revealing letters vividly display Berlin's effervescent personality often infuriating but always irresistible
