The Semiotics of Law in Legal Education Jan M. Broekman, Francis J. Mootz III, 2011-07-06 This book offers educational experiences including reflections and the resulting essays from the Roberta Kevelson Seminar on Law and Semiotics held during 2008-2011 at Penn State University's Dickinson School of Law The texts address educational aspects of law that require attention and that also are issues in traditional jurisprudence and legal theory The book introduces education in legal semiotics as it evolves in a legal curriculum Specific semiotic concepts such as sign symbol or legal language demonstrate how a lawyer's professionally important tasks of name giving and meaning giving are seldom completely understood by lawyers or laypeople These concepts require analyses of considerable depth to understand the

expressiveness of these legal names and meanings and to understand how lawyers can say the law or urge such a saying correctly and effectively in the context of a natural language that is understandable to all of us The book brings together the structure of the Seminar its foundational philosophical problems the specifics of legal history and the semiotics of the legal system with specific themes such as gender family law and business law *Martindale-Hubbell International Law Directory*,1992 *White-Collar Crime: The Essentials* Brian K. Payne,2012-03-15 White Collar Crime The Essentials is a comprehensive yet compact text addresses the most important topics in white collar crime while allowing for more accessibility through cost Author Brian Payne provides a theoretical framework and context for students and explores such timely topics as crimes by workers sales oriented systems crimes in the health care system crimes by criminal justice professionals and politicians crimes in the educational system crimes in the economic and technological systems corporate crime environmental crime and others This is an easily supplemented resource for any course that covers white collar crime

Meltdown in Haditha Kenneth F. Engle, 2015-01-26 In November 2005 Sunni insurgents attacked a U S Marine squad en route to Haditha with an improvised explosive device IED One Marine died and two others were wounded Within minutes squad members killed 24 Iraqi civilians including an elderly couple four women and six children It was the worst incident of its kind in the Iraq War Thirteen months later four officers and four enlisted men were accused of crimes ranging from dereliction of duty to murder The legal proceedings dragged on for five years longer than any in U S military history The only conviction was that of an NCO who pleaded guilty to a misdemeanor Unlike other legal actions conducted during the 60 year history of the present military justice system these proceedings were held mostly in secret This book investigates the tactics adopted by Marine Corps commanders and the ineptness of the proceedings which raise serious questions about the need for reform of the Code of Military Justice

Introduction to Criminal Justice Donald J. Newman, 1975 **Big Is Beautiful** Robert D. Atkinson, Michael Lind, 2019-02-26 Why small business is not the basis of American prosperity not the foundation of American democracy and not the champion of job creation In this provocative book Robert Atkinson and Michael Lind argue that small business is not as is widely claimed the basis of American prosperity Small business is not responsible for most of the country's job creation and innovation American democracy does not depend on the existence of brave bands of self employed citizens Small businesses are not systematically discriminated against by government policy makers Rather Atkinson and Lind argue small businesses are not the font of jobs because most small businesses fail The only kind of small firm that contributes to technological innovation is the technological start up and its success depends on scaling up The idea that self employed citizens are the foundation of democracy is a relic of Jeffersonian dreams of an agrarian society And governments motivated by a confused mix of populist and free market ideology in fact go

out of their way to promote small business Every modern president has sung the praises of small business and every modern president according to Atkinson and Lind has been wrong Pointing to the advantages of scale for job creation productivity innovation and virtually all other economic benefits Atkinson and Lind argue for a size neutral policy approach both in the United States and around the world that would encourage growth rather than enshrine an anachronism If we overthrow the small is beautiful ideology we will be able to recognize large firms as the engines of progress and prosperity that they are

Parents and Marginalized Students Gerard Giordano,2023-09-26 Parents worried that their children would be marginalized by their peers at school They gave examples in which they were singled out because of their gender race ethnicity sexual orientation language religion or disabilities They identified others who were picked out because of their family s income immigration status association with the armed services or attitudes towards medical issues The parents were assured that changes were in the works to protect marginalized students They reviewed changes to curricula instruction textbooks disciplinary strategies counseling techniques tests school sponsored events school terminology athletic competitions restroom policies dress codes disability policies and extracurricular activities Many parents had confidence in these changes However some were skeptical The two groups argued with each other at local schoolboard meetings They escalated their arguments after attracting the attention of journalists scholars and elected officials **Get It Together**
