We Bombed In New Haven:

We Bombed in New Haven Joseph Heller, 1968 The play is heavily metatheatrical being not only staged at but also set at the Ambassador Theatre the actors playing actors appearing in a play at the Ambassador This play within a play concerns a strategic bombing squadron the squadron commander frequently steps out of character to reassure the audience that they are only watching a play This conceit is carried to the point where the actors themselves exhibit confusion over whether they really are actors playing airmen or actual airmen For instance in the second act Henderson played by Ron Leibman is scheduled to be killed he knows this being familiar with the script and is not worried but then later a corporal is killed on a mission and Henderson is unable to find him offstage Henderson worries that the corporal really has been killed and that perhaps the play is reality

In 1981 Heller was diagnosed with Guillain Barr Syndrome a debilitating syndrome that could have cost him his life. Miraculously he recovered. Stacy Keach is known for movie roles like Fat City and American History X and the television series Titus and of course Mike Hammer, but he's also revered in the industry as a serious actor who's passionate about his craft. In his long impressive career he has been hailed as America's finest classical stage actor, earning acclaim for his portrayals of Hamlet, Macbeth, Richard III and King Lear. He has worked alongside and become friends with the giants of American culture from Joseph Papp to George C. Scott, from James Earl Jones to Oliver Stone. Keach's memoir begins with the riveting account of his arrest in London for cocaine possession. He takes readers through his trial and his time at Reading Jail as he battles his drug addiction and then fights to revive his career. Keach poignantly reveals his acting insecurities and relationship struggles. All in All is full of priceless behind-the-scenes Hollywood moments and friendships from his late night pool and backgammon showdowns with John Huston to his passionate relationship with Judy Collins. **Levitating the Pentagon** Jeffery W. Fenn, 1992. This work undertakes the examination of the evolutions and innovations in the American theatre of the Vietnam War era as well as a study of the dramatic scripts and productions that emerged during this period and that were created in it. It is also an aim to both generalize and specify the nature of the dramatic response and by way of example to illustrate the discrepancies in style and attitude between current dramatic works focusing on Vietnam War themes and those written under the conflict's direct experience and immediate influence. The significant dramas dealing with Vietnam were written by playwrights who had some firsthand experience of the war, either by the ex-combatants themselves or by those who had personal or professional associations with them. These dramatists offer the most profound insights concerning the ordeal and its consequences for both the combatants and their society, yet virtually none of their works are commercially produced today. These authors confronted the fact of war directly and chronicled in dramatic terms its psychological horror. Their plays, which attempted to portray the magnitude of the event and its immediate and long-lasting effects on both the individual and the collective American psyche, best illustrate how the theatre eventually managed to come to terms with the devastating experience of the conflict. A study of the dramas that had their genesis in personal war experience offers invaluable insights.

not only into the problems associated with the Vietnam experience but also many of those which still plague American society today As the plays relevant to the war experience are discussed in this book it will become readily apparent why the the Vietnam War dramas took the form they did and perhaps also why they are being virtually ignored at the present time It is inevitable though that the dramas written by veterans of the war and the dramas written by those who had a personal relationship with returned soldiers will eventually be rediscovered and appreciated both for their historical value as firsthand impressions of the experience and of the consequences of the action for the men and women who served and for those who awaited their return The American theatre of the sixties was extremely dynamic for several reasons all deriving from the circumstances that theatre as Shakespeare suggests echoes and enhances the ideas turmoil and passions of the world it reflects An examination of the various manifestations of theatre of the sixties the forms it took the subjects on which it focused the conditions under which it was performed the reception accorded it is one of the most informative and revealing approaches to a study of the sociology of the decades of 1960 and 1970 This book offers a unique and objective perspective of the response of the American theatre to the social struggles and cataclysms that characterized and punctuated the era particularly the one dominating event that left forever indelibly stamped on the American consciousness the terrible experience of a war that was hopelessly lost before it was begun
