We Will Destroy Your Planet David McIntee, 2013-11-20 For over a hundred years Aliens have been trying to take over the Earth but every time they have failed often in the most unlikely ways. Well no more. *We Will Destroy Your Planet* offers our future alien overlords all of the information necessary to bring humanity to its knees. Planning for an interstellar or even intergalactic conquest is a complex affair that even races which have mastered faster than light travel might find difficult. This book offers practical how to advice on a variety of topics including logistics, environmental factors and of course human weaknesses. It also goes into the big question of why you want to destroy or enslave the Earth as this is crucial in determining which strategy and tactics to employ. Once that has been determined the book follows as step by step approach to annihilating human resistance suggesting the best and worst weapons and giving guidelines on just how much destruction is optimal. With this book in hand there is little doubt that humans are now in their last generation as masters of the Earth.

Treat Us Like Dogs and We Will Become Wolves Carolyn Chute, 2014-11-04 An intellectual page turner set in a secretive countercultural community by the author of *The Beans of Egypt, Maine*. *O The Oprah Magazine*. It's the height of summer 1999 when local Maine newspaper the *Record Sun* receives numerous tipoffs from anonymous callers warning of violence, weapons stockpiling and rampant child abuse at the nearby homeschool on Heart's Content Road. Hungry to break into serious journalism, Ivy Morelli sets out to meet the mysterious leader of the homeschool, Gordon St. Onge, referred to by many as The Prophet. Soon Ivy ingratiates herself into the sprawling Settlement, a self-sufficient counterculture community that many locals suspect to be a wild cult. Despite her initial skepticism, not to mention the Settlement's ever growing group of pregnant teenage girls, Ivy finds herself irresistibly drawn to Gordon. Then a newcomer, a gifted disturbed young girl with wild orange hair, joins the community and falls into a complicated relationship with the charismatic Prophet. When the *Record Sun* finally runs its piece on the leader of the Settlement, lives will be changed both within and beyond the community. In this novel by a writer described by the *New York Times Book Review* as a James Joyce of the backcountry, a Proust of rural society.

Their only ray of hope is that SAM, their robot ally, is once again with them, but even with his help they are painfully aware that their attempt to reach the place where everything ended for mankind is little more than a suicide mission.
