Micah Jamison Didn't Do It Dillon Marshall,2014-12-12 Micah Jamison Didn't Do It is the story of a man who is driven by frustration to threaten used car salesman Joe Sanders Jamison after losing a suit in court to obtain relief over a car deal gone sour decides to try to scare the car salesman into either refunding his money or paying for the repairs As luck would have it fate breaks in at a critical point in the execution of his plan and despoils Micah's intentions The result is that through a most perverse alignment of circumstances Sanders is killed But that is only where the story begins Imagine yourself in Micah Jamison's place desperate frustrated and at the end of your rope you adopt a risky plan But in the midst of execution the plan itself is wrecked by an unusually severe thunderstorm Most of us have been on the short end of the stick a least once in our lives Maybe we have even contemplated drastic measures to coerce someone into compliance with an outcome more satisfactory toward ourselves We intend no real harm Mostly we are just trying to demonstrate our soul felt unhappiness with the whole affair But the unthinkable does happen We cannot back up in time What is cannot be undone All the old courses of action are closed off to us In short there is a new reality with which we have to deal What are we to do Programs and Schools ,1978 **Fixing Motorcycles in Post-Repair Societies** Gabriel Jderu,2023-03-10 Most social science studies on automobility have focused on the production usage identity construction and aesthetic improvements of personal means of transportation What happens if we shift the focus to the labour knowledge and social relations that go into the unavoidable moments of maintenance and repair Taking motorcycling in Romania as an ethnographic entry point this book documents how bikers handle the inevitable moments of malfunction and breakdown Using both mobile and sedentary research methods the book describes the joys and troubles experienced by amateur mechanics professional mechanics and untechnical men

and women when fixing bikes *Holly* Stephen King, 2025-07 Stephen King's *HOLLY* marks the triumphant return of beloved King character Holly Gibney. Readers have witnessed Holly's gradual transformation from a shy and reclusive but also brave and ethical homebody in *Mr Mercedes* to Bill Hodges's partner in *Finders Keepers* and *End of Watch* to a full-fledged smart and occasionally tough private detective on her own in *The Outsider* and *If It Bleeds*. In this new novel, Holly once again claims the spotlight and must face some of her most depraved adversaries yet. When Penny Dahl calls the Finders Keepers detective agency hoping for help locating her missing daughter, Holly is reluctant to accept the case. Her own mother has just died and Holly is supposed to be taking time off. But something in Penny Dahl's desperate voice makes it impossible for Holly to turn her down. Mere blocks from where Bonnie Dahl disappeared live Professors Rodney and Emily Harris. They are the picture of bourgeois respectability: married octogenarians devoted to each other, semi-retired lifelong academics. But they are harboring an unholy secret in their well-kept, book-lined home, one that may be related to Bonnie's disappearance. And it will prove nearly impossible to discover what they are up to; they are smart, they are patient, and they are ruthless. Holly must summon all her formidable talents to outthink and outmaneuver this brilliant and twisted pair in this chilling new masterwork from Stephen King.
