**Dance Music** Tami Gadir,2023-08-10 For some people at some times in some places on some drugs dance music can be a gateway to transformative even transcendent experiences With the help of skilled DJs dancers can reach euphoric states discard their egos and feel social barriers dissolve Dance floors can be sites of openness subversion and even small scale acts of political resistance At a minimum dance music lightens the burdens of contemporary life At its best dance music offers glimpses of better worlds Yet even where dance music communities are built on principles of resistance and liberation they nevertheless share the grittier realities of the rest of the world Dance Music makes the case that dance music is ordinary and that something exceeding the social and spatiotemporal bounds of the dance floor is required for the transformative promise of dance music to be realized
