The Cannabis Revolution © Stephen Holt, DSc; MD, 2016-03-24 There is growing public support for the use of cannabis for medical and recreational purposes but what does science say about the matter What we know is that cannabis contains more than four hundred potentially bioactive components and while we are unraveling its secrets the potential medical benefits of using it remain uncertain Dr Stephen Holt a leader in the field of natural medicine examines the issue in detail answering questions such as How can we responsibly use cannabis What are the risks What are the possible positive outcomes Does the delivery method matter How has cannabis changed over time He also examines diseases that cannabis might help treat as well as social and political questions that revolve around using the substance such as whether it should be taxed how it fits into religious practice and its association with violence and crime Whether you're a health care professional politician someone seeking a new treatment option or a concerned citizen it's critical to inform yourself about The Cannabis Revolution Care in Mental Health-Substance Use David B. Cooper, 2019-01-15 The Mental Health Substance Use series provides clear guidance for professionals on this complex and increasingly recognised field It concentrates on the concerns dilemmas and concepts that impact on the life and well being of affected individuals and those close to them as well as the future direction of practice education research services intervention and treatment This volume is primarily about caring for individuals and families who turn to professionals at a time when their lives are unmanageable alone but is also concerned with the care that these professions extend to their own members It contends that these issues are closely interrelated with appropriate communication and support being key to both Its chapters draw from a variety of theories and treatments to provide practical advice on the challenge of providing appropriate care tailored to a wide scope of

individuals and families The volumes in this series are designed to challenge concepts and stimulate debate exploring all aspects of the development in treatment intervention and care response and the adoption of research led best practice They are essential reading for mental health and substance use professionals students and educators

Behavioral Treatment for Substance Abuse in People with Serious and Persistent Mental Illness Alan S. Bellack, Melanie E. Bennett, Jean S. Gearon, 2013-06-17 This book presents clearly established treatment guidelines and utilizes both case examples and fictional situations to present a practical hands on approach The lessons in the book offer the clinician an invaluable model from which to base a treatment plan

Women at the Margins J Dianne Garner, Rosemary Sarri, Josefina Figueira-McDonough, 2013-01-11 A compelling look at the crisis of disadvantaged women This powerful document takes a sobering look at the phenomenon of marginalized women pushed to the edges of society holding on with the barest of hope and extraordinary bravery Handicapped by the increasing societal inequality they face as an everyday fact of life these women and in many cases their children have been disconnected from the mainstream for reasons of age race gender health incarceration domestic abuse unwanted pregnancy unemployment and economic circumstance They are poor in an affluent society powerless in a powerful nation and the suffering caused by their exclusion is poignant and troubling Eloquently illustrated with poetry art and prose created by marginalized women Women at the Margins Neglect Punishment and Resistance makes a compelling argument for social change The book offers a no holds barred look at how economic restructuring welfare reform neo conservative ideology and institutional exclusion have locked women into subservient substandard roles stripping them of their citizenship and rendering them expendable Diverse authors track the life cycle of marginalized women from teenage pregnancy to the loneliness of older women in poverty or prison Women at the Margins Neglect Punishment and Resistance addresses the effects of welfare reform the forgotten group women in prison and jail low income women and housing women marginalized by substance abuse poverty and incarceration teenage pregnancy children and their incarcerated mothers recidivism and reintegration women law and the justice system and much more Women at the Margins Neglect Punishment and Resistance acknowledges the long history of the inequality faced by women living in exclusion but focuses on the present with a hopeful but realistic eye toward the future It is an indispensable resource for sociology social work legal and penal system professionals and academics and an essential read for everyone

My Life in Mental Health: A Nurse's Story John Nugent, RN, 2015-11-06 My Life in Mental Health A Nurse's Story relates honestly and without pretense the journey of a man who grew up in a family who struggled with mental health issues John Nugent the memoirist tells how those early experiences led him to explore psychology to better understand both himself and his often chaotic family His hands on work in mental health nursing provides the grounding for his narrative that explores the development of modern mental health care In just a few decades mental health treatment transformed from a doctor knows best discipline and arrived where the best treatments tend to emerge from the expressed needs and desires of clients My Life

in Mental Health A Nurse s Story will inform and inspire anyone who has felt the impact of mental illness in his or her family or who cares about people with mental illness The author makes a compelling case for putting to rest the enduring stigma toward people who live with mental illness **National Criminal Justice Thesaurus** ,1992 **The Sequential Intercept**

Model and Criminal Justice Patricia A. Griffin,Kirk Heilbrun,Edward P. Mulvey,David DeMatteo,Carol A.

Schubert,2015-01-27 The number of individuals with severe mental illness in the criminal justice system is shockingly high However there is a wealth of research that shows that the traditional incarceration model is not effective with this population and that many of these individuals can be helped in the community at less cost without increased risk to public safety by addressing their risk relevant needs and improving their opportunities for recovery As a result during the last decade there has been an increasing interest in community based alternatives to incarceration for individuals with severe mental illness The Sequential Intercept Model and Criminal Justice offers an overview of the recent changes in correctional policy and practice that reflect an increased focus on community based alternatives for offenders Developed by Drs Mark Munetz and Patricia Griffin the Sequential Intercept Model SIM identifies five conceptual points at which standard criminal processing can be interrupted to offer community based alternatives 1 law enforcement emergency services 2 initial detention initial court hearings 3 jails courts 4 re entry and 5 community corrections support This volume describes the SIM in detail and reviews empirical evidence for each of its five points of interception Chapters focus on its implementation starting with an analysis of the national and state level initiatives then addressing specific challenges A final section suggests how the SIM might be applied successfully to other populations e g veterans juveniles and those with developmental disabilities This volume will appeal to policy makers who are considering community based alternatives practitioners who carry out these changes and program evaluators who seek to document the impact of such changes **Assessment and Treatment of**

Chemical Dependency Gennaro Ottomanelli,2001-03-30 Reviews the requirements of treatment planning clinical assessment and the historical antecedents of chemical dependency Drawn from thirty years of experience in the treatment of chemical dependency Dr Ottomanelli describes clinical interventions in the context of established clinical research in addition to the presentation of predictors of relapse and relapse models which are derived from empirical studies The interdisciplinary organization of this book provides a description of the psychological sociological and biological parameters of substance abuse This book will be of interest to faculty and students in undergraduate and graduate courses dealing with addictions It will also be useful to counselors and clinical professionals dealing with addiction and substance abuse
