Summer Of Hope Serendipity Series Volume 1:

The Serendipity of Hope Simon Lee, Ian S. Markham, 2023-07-07 Institutions are very precious. If any idea is going to persist into the future then it needs an institution to keep it going. Each of us comes to understand often only gradually over the decades how some influences from our earlier life have affected us. Some will have been inspiring. Some will have given us direct models of how to behave or how not to behave. Indeed it is often the case that the deeper an influence turns out to have been in the long run the less likely it is that we noticed it at the time it was happening. For this reason it has become necessary to find the time to reflect on and express gratitude for the institutions that helped form who we are and the work that we do. This collection of essays explores the impact of one institution on twenty five participants twenty five years after we worked together. The Institution was Liverpool Hope University College and is now Liverpool Hope University. By telling and reflecting on our stories we aim to encourage others to think about their own experiences and ultimately our earnest hope is that a greater awareness of this aspect of university life will help to transform our collective understanding of the nature of universities in particular and of communities, institutions or societies in general. But there was something special about belonging to a community called Hope. **Must Love Frosting (Must Love Diamonds - book 1)** Stacey Joy

Netzel, 2019-05-07 A wedding cake baker and a photographer walk into a bar. No, that's just silly. They meet at a wedding of course. And since Asher Diamond only does weddings for the frosting on the cakes it's a match made in heaven. Nope, scratch that too. Because Honor Hartman knows Happily Ever After isn't the fairy tale it's cracked up to be no matter how much the sexy photographer makes her wish otherwise. Asher thinks she could be The One and the fact she's the woman behind the butter cream frosting is icing on the cake. When his psychic best friend warns him Honor doesn't believe in forever he's willing to risk his heart to prove to her true love exists until a shocking family secret shakes the foundation of everything he believes in and reveals how wrong it can go if Honor is right. New series. New family. New drama. Must Love Frosting is the first book in Stacey Joy Netzel's brand new Must Love Diamonds series. The Diamonds are the First Family of Colorado. They have money, looks and charisma galore but they don't all have love. Yet. Coming in 2019. 2020 Love Loyal and True book 2 Love You Baby book 3 To Love and Protect book 4 *Horsefeathers*, 1983 **White County, Tennessee Oldest Marriage Book,**
