Media Convergence and the Development

Strategies of Radio and Television in China Peng Duan, 2020-11-30 This book discusses the development strategies of Chinese media convergence in the current fast changing communication environment Drawing on both theoretical and empirical data and based on the author's observations focus groups and in depth analyses of selected Chinese radio and TV networks it illustrates key lessons for the maintenance and future improvement of talents advertisement media organization management business development and coping strategies Further it outlines a framework that helps readers to consider how to use communication strategies for the construction of media convergence in the context of China by referring to theories of international communication and political communication Presenting research on the development strategies of Chinese media convergence it offers a systematic study of the processes through which the Chinese radio and television industries make use of proper communication strategies to have a profound global influence **Manufactured Schema** David V. Khabaz, 2006 A couple of decades after Margaret Thatcher managed to radically transform the rules of industrial relations in Britain there has been a great deal of debate comment and analysis by a wide range of commentators with various ideological persuasions Thatcherism has therefore become an infamous concept in the study of modern British politics This book re examines one of the most controversial features of that era the relationship between the media in particular the press the Prime Minister and the trades unions in the 1980s The book is based on the assumption that Thatcher's policies were supported by the most partisan press industry to date This assumption is empirically substantiated with the aid of a comprehensive research program This research compares the editorials of the national press in the 1970s to provide a more in depth understanding of the differential outlook of the press to the miners and their strikes Through an added qualitative scrutiny of the role of Murdoch's newspapers in three successive general elections involving Thatcher the book argues that

the relationship between Thatcher and Murdoch had a deep impact not only upon the press but on British society as a whole

Media Economics and Management Sathya Prakash Elavarthi, Sunitha Chitrapu, 2021-09-27 This book offers a comprehensive understanding of key concepts and terms in media economics and management and explains their applications using relevant data Beginning with a conceptual study of media markets industry structures firm behaviour public policy production pricing and consumption choices in media industries the book uses the framework to present an in depth examination of the management of four major media industry sectors in India newspaper publishing television broadcasting film and digital media industries It also deals with two topics relevant across media business sectors creative industries approaches and copyright issues The book discusses the economic forces and factors that shape the workings of media industries and institutions in India to highlight trends in a business that is rapidly evolving highly profitable and marked by regional linguistic economic and cultural diversity This volume is a step towards formalising the emerging field of media economics and management within the discipline of mass communication and journalism as an area of research and education in India An accessible guide to the basic principles and concepts of media economics and management with illustrations from Indian and global media industries this will be an essential resource for students researchers and teachers of media and communication studies media economics and management political economy and sociology as well as for professionals in media industries

The Evolving Landscape of Media and Communication in Hong Kong Yu Huang ,Yunya Song ,2018 Over the last twenty years Hong Kong society has witnessed dramatic change and nowhere is this better reflected than in the realm of media and communications Across the fields of journalism public relations and advertising we can see the changing trends in terms of audience consumption and interaction From technological developments to the shift in audience participation the expectations and functions of these professions have been greatly altered While many of these changes are occurring worldwide within Hong Kong the processes of change have been further complicated by recent social and political events Through a selection of essays by field experts this volume explores the evolution of media itself as well as the complex causes underlying these developments It identifies not only the difficulties and opportunities for media professionals today but also the evolving role of the audience

Unfinished Business Nandini Vijayaraghavan, 2023-01-23 Unfinished Business is a chronicle of contemporary Indian corporate history narrated through the professional trajectories of four high profile businessmen Anil Ambani Naresh Goyal V G Siddhartha and Vijay Mallya By no means unique in their proclivity for debt and penchant for politics these four men belonged to a rarefied club of entrepreneurs who could raise a sizeable quantum of financing with ease despite their businesses not generating adequate cash flows and or possessing sufficient collateral So what competitive advantage s did this guild of Indian entrepreneurs have What caused their enterprises to struggle while other similar organizations whose CEOs shared these attributes survived and even flourished How did the Indian business ecosystem regulatory norms lenders

underwriting practices and investor due diligence influence the organizations helmed by this quartet Following these four entrepreneurs careers and professional decisions *Unfinished Business* throws light on the evolution of Indian capitalism during the first two decades of the twenty first century set against the backdrop of a dynamic political regulatory and business climate in India And with great insight clarity and analysis Nandini Vijayaraghavan explores the takeaways for entrepreneurs regulators lenders and investors in this compelling illuminating read

Gandhi Meets Primetime Shanti Kumar,2010-10-01 Shanti Kumar s *Gandhi Meets Primetime* examines how cultural imaginations of national identity have been transformed by the rapid growth of satellite and cable television in postcolonial India To evaluate the growing influence of foreign and domestic satellite and cable channels since 1991 the book considers a wide range of materials including contemporary television programming historical archives legal documents policy statements academic writings and journalistic accounts Kumar argues that India s hybrid national identity is manifested in the discourses found in this variety of empirical sources He deconstructs representations of Mahatma Gandhi as the Father of the Nation on the state sponsored network Doordarshan and those found on Rupert Murdoch s STAR TV network The book closely analyzes print advertisements to trace the changing status of the television set as a cultural commodity in postcolonial India and examines publicity brochures promotional materials and programming schedules of Indian language networks to outline the role of vernacular media in the discourse of electronic capitalism The empirical evidence is illuminated by theoretical analyses that combine diverse approaches such as cultural studies poststructuralism and postcolonial criticism

Challenges to Chinese Foreign Policy Yufan Hao,C.X. George Wei,Lowell Dittmer,2021-12-15 When Beijing hosted the 2008 Summer Olympics China symbolically asserted its role as an emerging world power a position it is not likely to relinquish anytime soon China s growing economy military reforms and staggering productivity have contributed to its ascendancy as a major player in international affairs Western scholars have attempted to explain Chinese foreign policy using historical or theoretical evidence but until this volume few studies from a Chinese perspective have been published in English In *Challenges to Chinese Foreign Policy* Diplomacy Globalization and the Next World Power editors Yufan Hao C X George Wei and Lowell Dittmer reveal how Chinese scholars view their nation s rise to global dominance Drawing from a wealth of foreign relations experts including scholars native to the region this volume examines the unique challenges China faces as it adapts in its role as a world leader and it analyzes how China s evolving international relationships are shaping the global landscape of the twenty first century

Pursuit of Division Martin Loney,1998-06-16 Loney takes issue with popular attitudes toward race and gender whereby to be born a woman or a member of a visible minority is to enter life at a disadvantage and therefore be entitled to compensatory provision Arguing that social class not group membership determines life chances he refutes the claims of those who detect systemic prejudice and discrimination and reap considerable public subsidy in return From the release of the Abella report to the present Loney sets the growth of federal involvement in preferential hiring in the context

of a growing industry whose success depends on the constant affirmation of group grievance based on gender or race He argues that preferential hiring policies and a muddled multiculturalism leads to the continual assertion of the primacy of race even as the government officially opposes racial thinking Loney discusses many up to date and high profile examples including Bob Rae s preoccupation with skin and gender politics Brian Mulroney s attempts to strengthen the Conservative Party s ethnic constituency by funding ethnic groups and maintaining high levels of immigration and former defence minister David Collette s extensive use of public funds to court ethnic voters in his Toronto constituency *The Pursuit of Division* will be essential reading for anyone concerned about where government mandated policies on equity and multiculturalism may be taking us and about the implications of emphasizing the politics of difference over that of shared community *Global Capital, Local Culture* Anthony Y. H. Fung, 2008 *Popular Culture and Everyday Life* is the new space for critical books in cultural studies The series innovates by stressing multiple theoretical political and methodological approaches to commodity culture and lived experience borrowing from sociological anthropological and textual disciplines Each volume develops a critical understanding of a key topic in the area through a combination of a thorough literature review original research and a student reader orientation
