Urban,2006-10-04 This book offers a fascinating account of the development of Western sexual magic through the nineteenth and twentieth centuries Urban focuses on an extraordinary set of historical figures and his rich analysis illuminates the sexual and supernatural undercurrents that have shaped modernity Randall Styers author of Making Magic Religion Magic and Science in the Modern World Zorba the Buddha Hugh B. Urban,2016-01-12 Zorba the Buddha is the first comprehensive study of the life teachings and following of the controversial Indian guru known in his youth as Bhagwan Shree Rajneesh and in his later years as Osho 1931 1990 Most Americans today remember him only as the sex guru and the Rolls Royce guru who built a hugely successful but scandal ridden utopian community in central Oregon during the 1980s Yet Osho was arguably the first truly global guru of the twentieth century creating a large transnational movement that traced a complex global circuit from post Independence India of the 1960s to Reagan s America of the 1980s and back to a developing new India in the 1990s The Osho movement embodies some of the most important economic and spiritual currents of the past forty years emerging and adapting within an increasingly interconnected and conflicted late capitalist world order Based on extensive ethnographic and archival research Hugh Urban has created a rich and powerful narrative that is a must read for anyone interested in religion and globalization **Mother Jones Magazine** ,1995-01 Mother Jones is an award winning national magazine widely respected for its groundbreaking investigative reporting and coverage of sustainability and environmental issues **Sexual Alchemy** Donald Tyson,2000 Chances are that you ve heard of Tantra and Taoist sexual practices Now as a result of studying the inner mysteries of alchemy Donald Tyson presents a Western system of sacred sexuality in Sexual Alchemy Here you will learn how to have erotic relationships with loving spirits That means the methods presented here can function as a Western alternative to Eastern sexual practices They also can be used by a solitary person and need not depend upon the participation of a partner The first part of this book presents a history of sex with spirits It also goes into the secrets of Eastern internal alchemy and how the books of Western alchemy often made secretive references to sexual magick You will also learn how to create a physical representation of the spirit you are going to use as a partner The second part of the book includes the practices and techniques which the author found to be effective from other sources or developed himself This includes techniques of diet exercise breathwork banishings purifications and finally an invocation ritual to summon the spirit who is going to be your lover Then you will learn the previously hidden secrets of having sex with a spirit lover You ll learn how to prepare and recognize the signs that this is an actual occurrence and not simply a fantasy And then when you have accomplished your ritualized mating you will learn how to collect and use the resulting highly charged fluids for magical purposes Everything we are everything we have is a gift from the Divine Doesn t it make sense that we use all of our abilities
