History of Scotland. Third Edition. With "Index" Patrick Fraser TYTLER, 1864

The Sisters Who Would Be Queen

Leanda de Lisle, 2009-10-13 NEW YORK TIMES BESTSELLER Leanda de Lisle brings the story of nine days queen Lady Jane Grey and her forgotten sisters the rivals of Elizabeth I to vivid life in her fascinating biography Philippa Gregory Mary Katherine and Jane Grey sisters whose mere existence nearly toppled a kingdom and altered a nation's destiny are the captivating subjects of Leanda de Lisle's new book *The Sisters Who Would Be Queen* breathes fresh life into these three young women who were victimized in the notoriously vicious Tudor power struggle and whose heirs would otherwise probably be ruling England today Born into aristocracy the Grey sisters were the great granddaughters of Henry VII grandnieces to Henry VIII legitimate successors to the English throne and rivals to Henry VIII's daughters Mary and Elizabeth Lady Jane the eldest was thrust center stage by greedy men and uncompromising religious politics when she briefly succeeded Henry's son the young Edward I Dubbed the Nine Days Queen after her short tragic reign from the Tower of London Jane has over the centuries earned a special place in the affections of the English people as a queen with a public heart But as de Lisle reveals Jane was actually more rebel than victim more leader than pawn and Mary and Katherine Grey found that they would have to tread carefully in order to avoid sharing their elder sister's violent fate Navigating the politics of the Tudor court after Jane's death was a precarious challenge Katherine Grey who sought to live a stable life earned the trust of Mary I only to risk her future with a love marriage that threatened Queen Elizabeth's throne Mary Grey considered too petite and plain to be significant looked for her own escape from the burden of her royal blood an impossible task after she followed her heart and also incurred the queen's envy fear and wrath Exploding the many myths of Lady Jane Grey's life unearthing the details of Katherine's and Mary's dramatic stories and casting new light on Elizabeth's reign Leanda de Lisle gives voice and resonance to the lives of the Greys and offers perspective on their place in history and on a time when a royal marriage could gain a woman a kingdom or cost her everything **Ink, Stink Bait, Revenge, and Queen Elizabeth**

Steven W. May, Arthur F. Marotti, 2014-12-19 In *Ink Stink Bait Revenge and Queen Elizabeth* Steven W May and Arthur F Marotti present a recently discovered household book from sixteenth century England Its main scribe John Hanson was a yeoman who worked as a legal agent in rural Yorkshire His book a miscellaneous collection of documents that he found useful or interesting is a rare example of a middle class provincial anthology that contains in addition to works from the country's cultural center items of local interest seldom or never disseminated nationally Among the literary highlights of the household book are unique copies of two ballads whose original print versions have been lost describing Queen Elizabeth's procession through London after the victory over the Spanish Armada two poems attributed to Elizabeth herself and other verse by courtly writers copied from manuscript and print sources Of local interest is the earliest known copy of a 126 stanza ballad about a mid fourteenth century West Yorkshire feud between the Eland and Beaumont families The manuscript's

utilitarian items include a verse calendar and poetic Decalogue model legal documents real estate records recipes for inks and fish baits and instructions for catching rabbits and birds Hanson combined both professional and recreational interests in his manuscript including material related to his legal work with wills and real estate transactions As May and Marotti argue in their cultural and historical interpretation of the text Hanson's household book is especially valuable not only for the unusual texts it preserves but also for the ways in which it demonstrates the intersection of the local and national and of popular and elite cultures in early modern England

Chaucer and the Child Eve Salisbury, 2017-01-09 This book addresses portrayals of children in a wide array of Chaucerian works Situated within a larger discourse on childhood Ages of Man theories and debates about the status of the child in the late fourteenth century Chaucer's literary children from infant to adolescent offer a means by which to hear the voices of youth not prominently treated in social history The readings in this study urge our attention to literary children encouraging us to think more thoroughly about the Chaucerian collection from their perspectives Eve Salisbury argues that the child is neither missing in the late Middle Ages nor in Chaucer's work but is rather fundamental to the institutions of the time and central to the poet's concerns

Merchant Vessels of the United States, 1978 From 1894 95 1935 36 pt 6 of each volume is issued separately with titles 1894 95 1902 03 Code list of merchant vessels of the United States 1903 04 1935 36 Seagoing vessels of the United States

Shakespeare's Use of the Pronoun of Address Geraldine Byrne, 1970 A chronological study of Shakespeare's use of thou vs you the subtle differences of meaning between the two words The author notes that Shakespeare often switched from you to thou or vice versa in a single conversation to denote heightened emotion or familiarity

Shakespeare's Use of the Pronoun of Address; its Significance in Characterization and Motivation Sister St. Geraldine Byrne, 1936

A Dictionary of the English Language Robert Gordon Latham, 1866

Music and Instruments of the Elizabethan Age Michael Jonathan Fleming, Michael Fleming, Christopher Page, 2021 Uses the rare depictions of musical instruments and musical sources found on the Eglantine Table to understand the musical life of the Elizabethan age and its connection to aspects of culture now treated as separate disciplines of historical study The reign of Elizabeth I 1558 1603 has often been regarded as the Golden Age of English music Many works of high quality both vocal and instrumental were composed and performed by native and immigrant musicians while balladry and minstrelsy flourished in hall street and alehouse No single source of the sixteenth century presents this rich musical culture more vividly than the inlaid surface of the Eglantine Table This astonishing piece of furniture was made in the late 1560s for the family of Elizabeth or Bess of Hardwick Countess of Shrewsbury 1527 1608 The upper surface bears a wealth of marquetry that depicts amidst the briar roses and other plants numerous Elizabethan musical instruments in exquisite detail together with open books or scrolls of music with legible notation Given that depictions of musical instruments and musical sources are rare in all artistic media of the Elizabethan period the Eglantine Table is a very important resource for understanding the musical life of the age and its connection to aspects of culture now treated

separately in disciplines such as art history social and political history or the study of material culture This volume assembles a group of leading scholars in the history of instruments and associated fields to ground future research upon the most expert assessment of the depicted instruments the music and the decorative imagery that is currently attainable A final section of the book takes a broad view placing the Table and the musical components of its decoration in relation to the full range of Elizabethan musical life
