The Toscanini Mystique The Genius Behind The Music:

The Toscanini Mystique Kenneth A. Christensen, 2014-10-31 Kenneth A Christensen's THE TOSCANINI MYSTIQUE is the first full length biography about the legendary Italian conductor's life and career in almost thirty five years. Maestro Toscanini had a frigid and extremely unhappy childhood along with a severe musical education at the Parma Conservatory. This unglamorized account of a gifted teenager's professional conducting debut at Rio de Janeiro's Teatro Imperial is told as it really happened. Toscanini was married to a ballerina Carla De Martini who bore him four children but also had an illegitimate son with a gifted soprano who was born retarded. Toscanini's vulgar mistreatment of nearly all the singers and musicians who performed under his direction was legendary and is examined with unusual insight about his uncanny memory and talent for musical recreation. The recollection of many famous artists including Caruso, Debussy, Kreisler, Puccini, Stravinsky, Verdi, and Wagner's descendants are quoted alongside his confrontations with Hitler, Mussolini, and the Sicilian mafia. But the Maestro also was the most generous of all musicians, donating both his time and talents to many worthwhile charities for which he received no financial compensation. The life of this great conductor is presented as the struggles of a musical and theatrical reformer who was a major historical figure that just happened to be one of the greatest musicians who ever lived. Mr Christensen has painstakingly wrote his narrative using all the previous biographies and magazine articles on his life, the scripts of two video documentaries, and the liner notes for the most widely available re-releases of his recordings. He rewrote and clarified the awkward original Italian translations for non specialist readers and has supplied new English translations for the numerous operatic titles and other musical works as well as all the foreign language newspapers, magazines, and theatres mentioned in the text. In addition, he has provided professional critiques on the most widely available Toscanini recordings from RCA Victor's Arturo Toscanini Collection and historic reissues of Toscanini's NBC radio broadcast concerts. Here was a man who had the nerve to stand up to world dictators and fought hard to prevent the Western world's supreme musical masterpieces from being abused and mistreated but without taking any credit for laboriously recreating all these composers' inspiration. He enjoyed to play practical jokes on his family and friends but this humorous side is known only through letters because Toscanini never published any autobiography or memoirs about his art. Toscanini gave the world premieres of 14 operas including Leoncavallo's Pagliacci and three by Puccini including La Bohème, La Fanciulla del West, and Turandot. Toscanini served as musical director of the Teatro Regio in Turin 1895-98, La Scala in Milan 1898-1908, New York's Metropolitan Opera 1908-1915, barely missed dying upon the Lusitania becoming musical director of La Scala again 1920-1929, the New York Philharmonic 1926-1936, and the NBC Symphony Orchestra 1937-1954. In between, he also guest conducted at the Bayreuth, Salzburg, and Lucerne Festivals and conducted the inaugural concerts of the Palestine Symphony. Toscanini then recorded his most important repertory with the BBC Symphony and the Philadelphia Orchestra, the New York Philharmonic, and NBC Symphony Orchestras alongside the Robert Shaw Chorale and such esteemed soloists as Jascha

Heifetz Rudolf Serkin plus his own son in law Vladimir Horowitz His seven operatic recordings featured Jan Peerce Helen Traubel Richard Tucker Giuseppe di Stefano Rose Bampton Cesare Siepi Herva Nelli Licia Albanese Robert Merrill Jussi Bjoerling Lauritz Melchior and many other gifted singers and musicians of the past whose names alone are too much to mention *Dal totalitarismo alla rivolta* Luca Canapini, Andrea Cammarota, Rebecca Bedetti, 2021-05-19 Questo volume l insieme di tre saggi di autori diversi su argomenti molto lontani fra loro legati dal comune denominatore di storia musicale del XX secolo una riflessione sulla musica italiana del ventennio fascista una biografia di Fabrizio De Andr e una panoramica del Punk Rock di fine secolo Il trittico cos formato tratteggia come annunciato nel titolo del libro uno schizzo parziale ma significativo di alcuni aspetti sociali politici e filosofici sottesi a tre momenti storici e culturali oltremodo eterogenei Difficilmente si possono immaginare mondi cos diversi linguaggi cos distanti come quelli percorsi da autori quali Alfredo Casella Fabrizio De Andr o Larry Livermore L abissale diversit culturale e stilistica fra questi tre ambiti musicali non preoccupa gli autori poich non l aspetto estetico ad essere indagato in questo itinerario storico quanto quello sociale e politico essendo tutta l ampia produzione musicale in questione raccontata e descritta dall angolatura del suo rapporto col potere Da questo punto di vista emblematico il saggio sul Punk Rock nel quale la filosofia di vita comune a una certa cultura underground viene giustamente evidenziata come dato preminente rispetto a quello strettamente musicale Il risultato finale emergente al termine di questo itinerario novecentesco inconsueto ha a che fare con la capacit unica della musica di muovere emozioni e smuovere coscienze

The Mediations of Music Gianmario Borio, 2022-08-17 Adorno believed that a circular relationship was established between immediacy and mediation Should we now say that this model with its clear Hegelian influence is outdated Or does it need some theoretical integration This volume addresses these questions by covering the performance of music its technological reproduction and its modes of communication in particular pedagogy and dissemination through the media Each of the book s four parts deal with different aspects of the mediation process The contributing authors outline the problematic moments in Adorno s reasoning but also highlight its potential In many chapters the pole of immediacy is explicitly brought into play its different

manifestations often proving to be fundamental for the understanding of mediation processes The prime reference sources are Adorno's *Current of Music Towards a Theory of Musical Reproduction and Composing for the Films* Critical readings of these texts are supplemented by reflections on performance studies media theories sociology of listening post structuralism and other contiguous research fields **Musical Opinion**, 1966 Issues for include section The Organ world **The Musical Times**, 1970 Editorials on File, 1977-07 The Gramophone, 1967 Guido Cantelli Laurence Lewis, 1981 Biografie van de Italiaanse dirigent 1920 1956 **El Sistema** Geoffrey Baker, 2014 The Venezuelan youth orchestra programme known as El Sistema has garnered global renown through its claims to use classical music education to foster social inclusion Yet it has been the subject of surprisingly little scrutiny and genuine debate In this critical study of the programme Geoffrey Baker explores the career of its founder Jos Antonio Abreu and the ideology and organizational dynamics of his institution *Britton on Film* Andrew Britton, 2009 Renowned film scholar and editor Barry Keith Grant has assembled all of Britton's published essays of film criticism and theory for this volume spanning the late 1970s to the early 1990s The essays are arranged by theme Hollywood cinema Hollywood movies European cinema and film and cultural theory In all twenty eight essays consider such varied films as Hitchcock's *Spellbound* *Jaws* *The Exorcist* and *Mandingo* and topics as diverse as formalism camp psychoanalysis imperialism and feminism Included are such well known and important pieces as *Blissing Out* *The Politics of Reaganite Entertainment* and *Sideshow Hollywood in Vietnam* among the most perceptive discussions of these two periods of Hollywood history yet published In addition Britton's critiques of the ideology of Screen and Wisconsin formalism display his uncommon grasp of theory even when arguing against prevailing critical trends **Fanfare**, 1992 Stereo Review, 1980 **Hi Fi/stereo Review**, 1980-03 **American Record Guide**, 1967 **Conductor's World** David Wooldridge, 1970 The book is a documentary history of the conductor's art in part a music treatise and in part a social commentary At the root of the author's thinking lies the conviction that the great performance with its unforgettable qualities which defy the art and science of recording and which are treasured only in the innermost recesses of the mind is by nature ephemeral and that paradoxically this is its most enduring quality The author analyzes and describes the means by which conductors achieve their great performances and the significance of their achievements Copious music examples support the text in which the author maintains a delicate sense of balance in his descriptive writing and in his treatment of the technical aspects of his material This book is not intended for the music scholar alone although there is much in it that he will find valuable and interesting but it is mainly a work for musicians and all who interest themselves in music **The Ivory Trade** Joseph Horowitz, 1990 A discussion of music competitions the author uses the Van Cliburn International piano competition to consider the American fascination with music and competition The author also looks at the nature of these competitions and how the individual with the most talent is not always the winner The New Republic Herbert David Croly, 1987 **Current Biography Yearbook**, 1992 **Performing Arts**, 1978
