Newly Hired Teachers of Science Julie A. Luft, Shannon L. Dubois, 2015-12-09. Supporting newly hired science teachers has taken on an increased importance in our schools. This book shares the most current information about the status of newly hired science teachers, different ways in which to support newly hired science teachers, and different research approaches that can provide new information about this group of teachers. Chapters in the book are written by those who study the status of beginning science teachers, mentor new teachers, develop induction programs, and research the development of new science teachers. *Newly Hired Teachers of Science* is for administrators who have new science teachers in their schools and districts, professionals who create science teacher induction programs, mentors who work closely with new science teachers, educational researchers interested in studying new science teachers, and even new science teachers. This is a comprehensive discussion about new science teachers that will be a guiding document for years to come.

CliffsNotes STAAR EOC Biology Quick Review Courtney Mayer, 2015-09-22. A helpful review guide for the 300,000 Texas high school freshmen who annually need to pass the exam in order to graduate. Relevant to all Texas high school students needing to take the Biology end of course exam, this Quick Review includes practice problems and chapter-level reviews of topics comprising the State of Texas Assessments of Academic Readiness (STAAR) End of Course Biology exam. Applying the proven Quick Review methodology to the STAAR EOC Biology, each chapter targets one of the five Reporting Categories that comprise the exam: Cell Structure and Function, Mechanisms of Genetics, Biological Evolution and Classification, Biological Processes and Structures, and Interdependence within Environmental Systems. Two practice tests with answers and explanations to every test question round out this book.
