Field Man Julian D. blue collar scholar who bucked the conventional thinking on the antiquity of man in the New World who brought a formidable pragmatism and hand sense to the identification of stone tools and who is remembered as the leading authority on the prehistory of the Sierra Pinacate in northwestern Mexico But Field Man is also an evocative recollection of a bygone time and place a time when archaeological trips to the Southwest were expeditions when a man might run a Civilian Conservation Corps crew by day and study the artifacts of ancient peoples by night when one could honeymoon by a still full Gila River and when a Model T pickup needed extra transmissions to tackle the back roads of Arizona To say that Julian Hayden led an eventful life would be an understatement He accompanied his father a Harvard trained archaeologist on influential excavations became a crew chief in his own right taught himself silversmithing married a city girl helped build the Yuma Air Field worked as a civilian safety officer and was a friend and mentor to countless students He also crossed paths with leading figures in other fields Barry Goldwater and even Frank Lloyd Wright turn up in this wide ranging narrative of a desert rat who was at once a throwback and as he only half jokingly suggests ahead of his time Field Man is the product of years of interviews with Hayden conducted by his colleagues and friends Bill Broyles and Diane Boyer It is introduced by noted southwestern anthropologist J Jefferson Reid and contains an epilogue by Steve Hayden one of Julian s sons The Adventures of Huckleberry Finn (Tom Sawyer's Comrade).
