The statement above is an official verification generated from The Work Number. Because this verification is system-generated with data that originated directly from the employer's payroll system, it is simpler, more accurate and represents a higher level of authority than employer-furnished copies of paystubs or W-2s. If any information is missing, this is because the employee did not provide this information for inclusion in The Work Number verification. Note: If this person left this employer and was rehired later, the "Total Time with Employer" amount will likely be understated and will only reflect the most recent consecutive months of service.
