Wilkinson,2023-03-15 The Community in Rural America by Kenneth P Wilkinson is a foundational theoretical work that both defines the interactional approach to the study of the community in rural areas and frames its application to encourage and promote rural community development Recognized for its detailed theoretical construction and logic for understanding human interactions this book has been widely adopted and used by researchers extension faculty and community development practitioners for over thirty years Presenting Wilkinson s groundbreaking work in its original form with a new foreword aimed at clarifying several key concepts in interactional theory this edition of The Community in Rural America will appeal to new students of the community as well as established scholars in the field International Mediation

in the South African Transition Zwelethu Jolobe, 2019-04-09 This book challenges the conventional understanding of South Africa's transition to democracy as a home grown process through a comparative analysis of Commonwealth and United Nations mediation attempts Approaching power transition through the lens of South Africa Zwelethu Jolobe raises questions about how methods and types of mediation are understood and their appropriateness for certain stages of negotiation processes International Mediation in the South African Transition calls into question the generalisations about the determinants of success by international third parties in resolving internal conflicts It moves from the position that the success of a mediation effort depends on the examination of the time horizon of a conflict and on the contribution the mediation effort plays in improving the relationship between the belligerents The book argues that the international community particularly the Commonwealth and the United Nations played a profound and beneficial role in the political transition to end apartheid International Mediation in the South African Transition will be of interest to students and scholars of African politics conflict resolution international relations and global governance **Transitions from Authoritarian Rule**

Guillermo O'Donnell, Philippe C. Schmitter, Laurence Whitehead, 2013-07-16 An array of internationally noted scholars examines the process of democratization in southern Europe and Latin America They provide new interpretations of both current and historical efforts of nations to end periods of authoritarian rule and to initiate transition to democracy efforts that have met with widely varying degrees of success and failure Extensive case studies of individual countries a comparative overview and a synthesis conclusions offer important insights for political scientists students and all concerned with the prospects for democracy The historical example of Italy after Mussolini as well as the more recent cases of Greece Portugal Spain and Turkey suggest factors that may make a transition relatively secure **Federal Register**, 1994 **Worklife**, 1988 SUSTAINABILITY AND ECOLOGICAL TRANSITION IN THE POST-COVID ERA Ricardo García-Mira, Petra
