analysis will engage these materials traumatic ethoi including their connections to trauma informed eating and queerings so as to offer entryways into the wider critical conversation While these exegetical foci may seem arbitrary that is in part the point As readers will see trauma defies sense making Akin to postmodernist poststructuralist intertextualities trauma cannot be flattened into neat narration Trauma is capricious leaving survivors to carry with them multivalent and even paradoxical connections to their experiences This project thus attempts to perform trauma s plurisignification as much as it tries to explain it using a set of traditionally unexamined pairings to do so While not an exhaustive survey on trauma theory and the Bible such work could fill the space of multiple publications the following work provides a representation of both the theory of trauma and its applications within the biblical field
