Political Perversion Joshua Gunn,2020-09-04 When Trump became president much of the country was repelled by what they saw as the vulgar spectacle of his ascent a perversion of the highest office in the land In his bold innovative book Political Perversion rhetorician Joshua Gunn argues that this mean spirited turn in American politics of which Trump is the paragon is best understood as a structural perversion in our common culture on a continuum with infantile and gotcha forms of entertainment meant to engender provocation and sadistic enjoyment Drawing on insights from critical theory media ecology and psychoanalysis Gunn argues that perverse rhetorics dominate not only the political sphere but also our daily interactions with others in person and online From sexting to campaign rhetoric Gunn advances a new way to interpret our contemporary political context that explains why so many of us have difficulty deciphering the appeal of aberrant public figures In this book Trump is only the tip of a sinister rapidly growing iceberg one to which we ourselves unwittingly contribute on a daily basis

Postcolonialism and Political Theory Nalini Persram,2007-05-10 Postcolonialism and Political Theory explores the intersection between the political and the postcolonial through an engagement with critique of and challenge to some of the prevalent restrictive tenets and frameworks of Western political and social thought It is a response to the call by postcolonial studies as well as to the urgent need within world politics to turn towards a multiplicity largely excluded from globally dominant discourses of community subjectivity power and prosperity constituted by otherness radical alterity or subordination to the newly reconsolidated West The book offers a diverse range of essays that re examine and open the boundaries of political and cultural modernity s historical domain that look at how the racialized and gendered and cultured subject visualizes the social from elsewhere that critique the limits of postcolonial theory and its claim to celebrate diversity and that complicate the notion of postcolonial politics within settler societies that continue to practice exile of the indigenous Postcolonialism and Political Theory is an ideal book for graduate and advanced undergraduate level study and for those working both disciplinarily and interdisciplinarily both inside and outside academia

After the Thousand Years J. Webb Mealy,1992-03-01 A fresh and highly illuminating approach to what is perhaps the most difficult chapter in the most difficult book of the New Testament Mealy employs a carefully developed methodology which draws fully on the special literary techniques of Revelation particularly its extensive use of internal cross references multivalent images and symbols and

complex Old Testament reminiscences With its central thesis that Revelation 20 7 10 and 20 11 15 offer parallel representations of the resurrection and final judgment of the unrepentant this study is destined to become a benchmark for future discussions not only of the millennium but of the literary workings of Revelation as a whole

Sayyid Qutb's Radical Islamism and the Comparative Political Theology Dragos Stoica,2024-12-15 Sayyid Qutb's Radical Islamism and The Comparative Political Theology argues that Sayyid Qutb's radical critique of secular modernity seen as a product of a great theft of sovereignty that usurps the monopoly of God over the entire world of creation is not idiosyncratic or incoherent but a quintessential expression and an extreme type of a specific tradition of political theology that until now has been exclusively the province of the Western thought Dragos Stoica claims that Sayyid Qutb's political theology of Hakimiyyah God's Sovereignty is better understood by integrating it in a wider context of the antimodern political theology Thus throughout this book he compares Qutb's critique of modernity with the Pakistani Islamist thinker Abu al A la Mawdudi 1903 1979 the Spanish Catholic counter revolutionary political theologian Juan Donoso Corte's 1809 1853 as well as the Protestant political theologians Abraham Kuyper 1837 1920 and Rousas J Rushdoony 1916 2001 This book employs a family resemblance cross cultural comparative method and applies a cross disciplinary analytical model that combines comparative political theology with critical discourse analysis Employing these analytical instruments this book compares Qutb and his counterparts via the category of anti modern political theology more precisely through a set of shared antitheses organized around the master concept of God's Sovereignty The ultimate objective is to augment the understanding of the Qutbian critique of secular modernity as an essential dimension of anti modern political theology Thus by recasting Sayyid Qutb as an essential Muslim political theologian of God's Sovereignty placed within a larger cross cultural paradigm this book contributes as well to the necessary process of decolonization of political theology

Spiritual Quest Reza Shah-Kazemi,2014-01-21 The Qur'an is the sacramental foundation of prayer in Islam Its inspirational power is perpetually renewed through being recited and meditated upon by Muslims on a daily basis throughout their lives This succinct monograph provides a unique contemporary insight into the spiritual intellectual and moral dynamics set in motion by the short Qur'anic chapters recited in their prayers by Muslims of all traditions but which are particularly recommended within Shi'i Islam Dr Shah Kazemi engages creatively with the chapters of the Qur'an including the Opening al Fatiha chapter basing his own philosophical reflections on the teachings of Imam Ali He focuses in particular on the relationship between the moral and the mystical aspects of the texts The result is a stimulating philosophical meditation probing the depths of meaning comprised within the verses of a Revelation by which the spiritual quest of Muslims has constantly been inspired nourished and fulfilled

William Blake's Religious Vision Jennifer Jesse,2013-02-14 In this innovative study Jesse challenges the prevailing view of Blake as an antinomian and describes him as a theological moderate who defended an evangelical faith akin to the Methodism of John Wesley She arrives at this conclusion by contextualizing Blake's works not

only within Methodism but in relation to other religious groups he addressed in his art including the Established Church deism and radical religions Further she analyzes his works by sorting out the theological road signs he directed to each audience This approach reveals Blake engaging each faction through its most prized beliefs manipulating its own doctrines through visual and verbal guide posts designed to communicate specifically with that group She argues that once we collate Blake s messages to his intended audiences sounding radical to the conservatives and conservative to the radicals we find him advocating a system that would have been recognized by his contemporaries as Wesleyan in orientation This thesis also relies on an accurate understanding of eighteenth century Methodism Jesse underscores the empirical rationalism pervading Wesley s theology highlighting differences between Methodism as practiced and as publicly caricatured Undergirding this project is Jesse s call for more rigorous attention to the dramatic character of Blake s works She notes that scholars still typically use phrases like Blake says or Blake believes followed by some claim made by a Blakean character without negotiating the complex narrative dynamics that might enable us to understand the rhetorical purposes of that statement as heard by Blake s respective audiences Jesse maintains we must expect to find reflections in Blake s works of all the theologies he engaged The question is what was he doing with them and why In order to divine what Blake meant to communicate we must explore how those he targeted would have perceived his arguments Jesse concludes that by analyzing the dramatic character of Blake s works theologically through this wide angled audience oriented approach we see him orchestrating a grand rapprochement of the extreme theologies of his day into a unified vision that integrates faith and reason

The Risk of Freedom Francesco Tava,2015-12-11 The Risk of Freedom presents an in depth analysis of the philosophy of Jan Patocka one of the most influential Central European thinkers of the twentieth century examining both the phenomenological and ethical political aspects of his work In particular Francesco Tava takes an original approach to the problem of freedom which represents a recurring theme in Patocka s work both in his early and later writings Freedom is conceived of as a difficult and dangerous experience In his deep analysis of this particular problem Tava identifies the authentic ethical content of Patocka s work and clarifies its connections with phenomenology history of philosophy politics and dissidence The Risk of Freedom retraces Patocka s philosophical journey and elucidates its more problematic and less evident traits such as his original ethical conception his political ideals and his direct commitment as a dissident

On Religion Karl Barth,2006-11-01 The study Karl Barth has generally been excluded from religious studies departments in favour of more liberal theologians such as Tillich For many years scholar Garrett Green has argued that there is no justification for this neglect To support his theory that Barth can and should be studied as a religious theorist rather than just a theologian Garrett Green presents a brand new translation of Chapter 17 of Karl Barth s Church Dogmatics prefaced by a detailed introduction to the text This important new translation counters the idea that Barth rejected the notion of religion out of hand by correcting a number errors in the original version which obscure Barth s central argument In particular the

crucial word *Aufhebung* in the title is translated here as sublimation rather than abolition The translation will do better justice to the German original and will be more accessible to contemporary readers Unlike the original version all Greek Latin and Hebrew citations are translated into English and the NRSV is used for the Bible quotes rather than the King James The translation is accompanied by a text by Garrett Green introducing the scholar and student to Barth as a religious theorist The book concludes with appendices containing teaching materials and a summary of developed by the author in the classroom over years

The Logic of the Cold War Tian-jia Dong, 2018-08-24 The Cold War revealed for the first time in human history the logic of human togetherness which indicated that it was not only necessary for nation states to live together but also possible for them to do so The necessity was because of the inescapably shared vulnerability of mutually assured destruction not only in terms of security but more so in economic well being and political stability The possibility was due to the unipolar world structure sustained by the global governance web of interdependent partnership which worked powerfully between the power agents to ensure the best of all possible world This latent governance system was both hierarchical and dynamic because its power was connective in the sense that power was rooted in one another and the ability to be interdependent by empowering other power agents and sharing vulnerability at the same time was the way of becoming the nucleus on the global web of interdependent partners and hence gaining power in transforming one another connectively and governing the world collectively George Kennan s patience in building up hard and soft powers within individual power agents of the web and Wilson Roosevelt s institutionalization of collective power above each power agents contributed to the construction of the system The Soviet big brotherly governing type was proven a failure

Reason, Revelation, and Human Affairs James V. Schall, 2001-01-01 This book is intended to serve as an introduction to the thought of James V Schall arguably one of the best perhaps even the only authentically Thomistic political scientist writing today In contrast to main currents in contemporary Thomism Schall remains conversant with the great tradition of political philosophy and therefore appreciates the complex and relatively imprecise nature of political reflection In this book the distinguished theorist addresses a wide range of subjects including the question of overpopulation the thought of Charles McCoy and Leo Strauss the role of Christianity in political philosophy and the challenges that the democratic project pose to human beings perception of the truth As a meditation on practical and theoretical political questions self consciously proceeding from the perspectives of both nature and grace the book provides a unique picture of what a genuine Thomistic political science might look like

Climax of Prophecy Richard Bauckham, 1998-03-01 The Apocalypse of John is a work of immense importance and learning Yet among the major works of early Christianity included in the New Testament it has received relatively little scholarly attention This work is a significant contribution to remedying this neglect The author examines the meticulous literary artistry creative imagination radical political critique and profound theology of the Apocalypse of John It is a sustained enterprise to understand both the form and the message of the Apocalypse in its literary and historical contexts An

invaluable and illuminating work for students scholars and ministers *Judith Butler and Marxism* Elliot Mason,Valentina Moro,2025-03-15 What would a Butlerian Marxism look like Marxist criticisms of Butler range from careful comparisons of forms to the total dismissal of an unpolitical merely cultural anarchy None of these criticisms however focuses on what seems to most closely unite these two projects the universal abolition of the universal While Marxist communism is focused on the abolition of value and property Butler is consistently concerned throughout their corpus with the abolition of the subject as the universal form of social relations an abolition staged by way of a relational ontology and ethics Their methodologies for achieving abolition however vary hugely Butler s sees the performativity of subjects and power as an opportunity for differential assembly Marxists are primarily concerned with the working class as a revolutionary vanguard that withdraws its labor from production Judith Butler and Marxism explores the possibility of a Butlerian Marxism understood as abolitionist performativity differential vulnerability and generalized practices of care The essays in this volume attempt to actualize the antagonistic persistence of social particulars pursuing the abolition of the domination and violence that pervade society with increasing brutality The three sections of this volume are structured according to three pivotal political concepts in Butler s corpus performativity vulnerability and care Each essay contributes to a possible mutual development of Butler s and Marxism s concern with assembly interdependence and refusal forming a revolutionary politics of care This is the first book to fully study the contentious link between the vastly influential projects of Judith Butler and Marxism **Tillich: A Guide for the Perplexed** Andrew O'Neill,2008-11-25 A new addition to the Guides for the Perplexed series this new book on Tillich will analyse clarify and connect the most central and difficult of Tillich s theological concepts *The Riddling between Oedipus and the Sphinx* Yuan Yuan,2016-04-12 The issue of the other has always been an urgent one especially since 1980 s when the political debates over race gender class culture ethnicity and post colonialism took the central stage The Riddling between Oedipus and the Sphinx Ontology Hauntology and Heterologies of the Grotesque probes the polemic status of the other and the dubious nature of the subject from a heterodox perspective of an emblematic grotesque figure the Sphinx the mystical trickster and the guardian of sacred knowledge in Egyptian culture In Greek mythology Oedipus the epitome of Western logos solved the Sphinx s riddle with a single word Man This evocation for the phantom of a solipsistic subject discloses in effect Oedipus latent grotesque disparity The book explores the encounter of this unlikely pair to inquire the riddling relationship between the singular subject and the grotesque other in the context of modern discourses of the subject and postmodern theories of the other **The Problem of Natural Law** Douglas Kries,2008-01-01 The Problem of Natural Law examines the understanding of conscience offered by Thomas Aquinas who provided the classic statement of natural law The book suggests that natural law theory could be improved by bracketing Thomistic conscience and then shows how a natural law position thus revised would be able to answer the most important critics of natural law in contemporary times Church Dogmatics The Doctrine of the Word of God, Volume 1, Part 2 Karl Barth,2004-03-08 Described by Pope Pius XII

as the most important theologian since Thomas Aquinas the Swiss pastor and theologian Karl Barth continues to be a major influence on students scholars and preachers today Barth's theology found its expression mainly through his closely reasoned fourteen part magnum opus *Die Kirchliche Dogmatik* Having taken over 30 years to write the *Church Dogmatics* is regarded as one of the most important theological works of all time and represents the pinnacle of Barth's achievement as a theologian T T Clark International is now proud to be publishing the only complete English translation of the *Church Dogmatics* in paperback

The Universal Exception Bloomsbury Revelations Introduction

In today's digital age, the availability of The Universal Exception Bloomsbury Revelations books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of The Universal Exception Bloomsbury Revelations books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of The Universal Exception Bloomsbury Revelations books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing The Universal Exception Bloomsbury Revelations versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, The Universal Exception Bloomsbury Revelations books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing The Universal Exception Bloomsbury Revelations books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are

primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for The Universal Exception Bloomsbury Revelations books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, The Universal Exception Bloomsbury Revelations books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of The Universal Exception Bloomsbury Revelations books and manuals for download and embark on your journey of knowledge?
