Durden,2009-10 An ordained minister originally from the Church of God in Christ but now serving as a Pastor in ministry at Christ Assembly Fellowship Born 9 of 13 brothers and sisters from the deep south of Georgia to the small alleys of Harrisburg PA to the low income row homes of the projects it was not always easy ascertaining the Truth My military career in the United States Navy of 24 years quickly exposed me to a myriad of truths and lies My first experience concerning the Truth of Scripture was meticulously challenged while serving in the United States Navy I met a Brother in Christ who was much older than I and who had good understanding and knowledge of the Scriptures His understanding and knowledge was so good that at 19 years old he impressed me immensely This Brother became my mentor and most definitely of his Bible knowledge I did not solicit his guidance but it was one of those things that kept drawing me back to what he had to offer in the way of challenging my faith and Bible knowledge I remember one question he put to me one day he asked what do you know about December 25th My QUICK response was of course it is the birthday of our Lord and Saviour But his reply seriously challenged and shattered EVERYTHING I believed I did not speak to him for quite some time because my parents warned me about people like him But there was that drawing and wanting to know the Truth that took me back to wanting to know his views that subsequently started me on the path of seeking the knowledge of the Truth I have not ceased since those days of digging up the Truth about God and His Holy Word **Teaching Recent Global History** Diana B. Turk,Laura J.

Dull, Robert Cohen, Michael R. Stoll, 2014-03-05 Teaching Recent Global History explores innovative ways to teach world history beginning with the early 20th century. The authors' unique approach unites historians, social studies teachers, and educational curriculum specialists to offer historically rich, pedagogically innovative, and academically rigorous lessons that help students connect with and deeply understand key events and trends in recent global history. Highlighting the best scholarship for each major continent, the text explores the ways that this scholarship can be adapted by teachers in the classroom in order to engage and inspire students. Each of the eight main chapters highlights a particularly important event or theme, which is then complemented by a detailed discussion of a particular methodological approach. Key features include: An overarching narrative that helps readers address historical arguments; Relevant primary documents or artifacts plus a discussion of a particular historical method well suited to teaching about them; Lesson plans suitable for both middle and secondary level classrooms; Document-based questions and short bibliographies for further research on the topic. This invaluable book is ideal for any aspiring or current teacher who wants to think critically about how to teach world history and make historical discussions come alive for students. *Pharaohs of the Bible (Mizraim to Shishak)* Eve Clarity, 2012

Pharaohs of the Bible: Mizraim to Shishak proves the Biblical history is accurate. It explains how over 200 pharaohs of the 1st to 17th dynasties reigned during only 600 years between Noah's flood and Joseph's famine. This breakthrough book intertwines the history of the Old Testament with the archaeological facts and events of Egypt, the Levant, and the cultures around the Mediterranean Sea. By correlating facts of famines in Egypt with the Bible, several major connections were made. For example, thirty huge temporary silos were constructed at Tell el Daba Avaris soon after Ahmose I conquered it, connecting Ahmose I with Joseph's 7-year famine and the huge grain silos in Boeotia, Greece. Hundreds of black and white maps, charts, and pictures simplify the complexity and immensity of the data to enable readers to follow God's remarkable revelation of history.

Parisians Graham Robb, 2011-04-11 The New York Times bestseller *The Secrets of the City of Light* revealed in the lives of the great, the near great, and the forgotten by the author of the acclaimed *The Discovery of France*. This is the Paris you never knew. From the Revolution to the present, Graham Robb has distilled a series of astonishing true narratives, all stranger than fiction, of the lives of the great, the near great, and the forgotten. A young artillery lieutenant strolling through the Palais Royal observes disapprovingly the courtesans plying their trade. A particular woman catches his eye, nature takes its course. Later that night, Napoleon Bonaparte writes a meticulous account of his first sexual encounter. A well-dressed woman fleeing the Louvre takes a wrong turn and loses her way in the nameless streets of the Left Bank. For want of a map, there were no reliable ones at the time. Marie Antoinette will go to the guillotine. Baudelaire, the photographer Marville, Baron Haussmann, the real-life Mimi of La Bohème, Proust, Adolf Hitler touring the occupied capital in the company of his generals Charles de Gaulle, who is suspected of having faked an assassination attempt in Notre-Dame, these and many more are Robb's cast of characters, and the settings range from the quarries and catacombs beneath the streets to the grand monuments to the

appalling suburbs ringing the city today The result is a resonant intimate history with the power of a great novel
