The Comprehensive Autism Planning System

(CAPS) Shawn Henry, Brenda Smith Myles, 2024-08-06 The Comprehensive Autism Planning System for Individuals CAPS is a reflection of its creator In his role as a state and national leader Shawn Henry serves as an advocate for autistic individuals Shawn and co author Brenda Smith Myles clearly describe each element of the CAPS model in a well organized text

Throughout the book the authors and expert contributors highlight a variety of evidence based strategies that correspond to each area of the CAPS The CAPS model illustrates their ability to create meaningful change through realistic and practical means It s a simple yet powerful system This innovative approach helps teachers and educational teams plan and implement a student s education across the school including the Individualized Education Program IEP and the curriculum relevant to the student It takes the team through the process of planning out the goals objectives to be targeted in each activity of the day the modifications and accommodations that should be provided to support the student in each activity the sensory supports needed to help the student stay engaged and the communication and social supports for successful learning It shows the type of data to collect for each area and helps to note what reinforcers have been shown to be successful While this system was developed for use with individuals on the autism spectrum it can also be an essential tool for any student regardless of the types of supports and needs they have There are also vocational and transitional formats that are available for students making the transition to work The CAPS has been updated to address current trends in special education instruction and research In this edition emphasis is placed on Inclusion Successful practices that support learning for autistic students Updated evidence based practices and case studies that apply the CAPS system to post secondary education and employment Through the CAPS autistic individuals have access to meaningful instruction that will allow them to reach their potential *The Comprehensive Autism Planning System (CAPS) for Individuals with Asperger Syndrome, Autism, and Related Disabilities* Shawn A. Henry, Brenda Smith Myles, 2007

The CAPS which originated and was published by Shawn Henry and Brenda Smith Myles is a tool to help teachers and educational teams to plan and implement a student s program across the school This includes planning for the implementation of the IEP and the curriculum relevant to the student It takes the team through the process of planning out the goals objectives to be targeted in each activity of the day the modifications and accommodations that should be provided to support the student in each activity the sensory supports to help the student stay engaged and the communication and social supports that the student needs to be successful In addition it identifies the

type of data that should be collected for each area and the reinforcers that have been chosen for use for success As with many tools while this system was developed for use with individuals on the autism spectrum it can be an essential tool for any student regardless of the types of supports and needs they have There are various forms of this system that focus on targeting specific skills for each activity and identifying the communication sensory and reinforcement supports that will be needed for each situation The Handbook of School Psychology Cecil R. Reynolds,Terry B. Gutkin,1999 As the standard reference in the field this edited handbook focuses on how a school psychologist can operate and create change within the educational system instead of focusing solely on the diagnosis and treatment of an individual Chapters have been updated and revised to provide a contemporary view of the field **Preparing Pre-Service Teachers for the Inclusive Classroom** Dickenson, Patricia,Keough, Penelope,Courduff, Jennifer,2016-10-25 Teachers must be prepared to create an effective learning environment for both general education students and students with special needs This can be accomplished by equipping teachers with the proper knowledge and strategies Preparing Pre Service Teachers for the Inclusive Classroom discusses the latest approaches skills and methodologies on how to support special needs students Highlighting relevant perspectives on technology implementation curriculum development and instructional design this book is an ideal reference source for pre service teachers teacher educators researchers professionals and academics in the education field *Making Inclusion Work* John Beattie,LuAnn Jordan,Bob Algozzine,2014-09-09 Learn the best methods for teaching students with disabilities in an inclusive classroom In today s classrooms teachers must meet the educational needs of students of all ability levels including students with disabilities This invaluable resource offers elementary and secondary teachers a deeper awareness of what works when teaching students with disabilities in general education classrooms Grounded in extensive special education research this book will enlighten teachers with a greater understanding of special education students and how to teach them successfully For teaching students with the most common disabilities in classes with their nondisabled peers general and special education teachers alike will get the most current information on issues such as Developing Individualized Education Programs Teaching reading successfully Managing behavior and motivating students Organizing classrooms and lessons effectively Using cognitive strategies successfully Making appropriate accommodations and modifications Assessing students grading and collecting data Working with parents and families Collaborating with other teachers and parents One of the greatest challenges teachers face today is how to ensure that all students succeed regardless of their ability Rooted in the best research and practice this essential resource provides the tools needed to create an inclusive classroom and demonstrates how to teach classes successfully **The Acting-out Child** Hill M. Walker,1995 This text provides practical guidelines and techniques for effectively managing acting out behavior in elementary students It attempts to characterize acting out behavior in the context of schooling describe what is known about coping effectively with it and illustrate applications of successful interventions The 10 chapters cover the following topics 1 an introduction to the
