Proverbs 10:11 NLT **Approaches to Teaching the Works of Carmen Martín Gaité** Joan L.

Brown, 2013-01-01 The career of Spain's celebrated author Carmen Martín Gaité spanned the Spanish Civil War, Franco's dictatorship, and the nation's transition to democracy. She wrote fiction, poetry, drama, screenplays for television and film, and books of literary and cultural analysis. The only person to win Spain's National Prize for Literature, Premio Nacional de las Letras, twice, Martín Gaité explored and blended a range of genres from social realism to the fantastic as she took up issues of gender, class, economics, and aesthetics in a time of political upheaval. Part 1: Materials of this volume provides resources for instructors and a literary historical chronology. The essays in part 2: Approaches consider Martín Gaité's best-known novel, *The Back Room* (*El cuarto de atrás*), and other works from various perspectives: narratological, feminist, sociocultural, stylistic. In an appendix, the volume editor, who was a friend of the author, provides a new translation of Martín Gaité's only autobiographical sketch alongside the original Spanish.

Ways of Social Change Garth Massey, 2015-07-13 The world is at our fingertips, but understanding what is going on has never been more daunting. Garth Massey's *Ways of Social Change* is a primer for making sense of both rapidly moving events and the cultural and structural forces on which social life is built while teaching critical thinking skills needed to understand social change. With an approach that is fresh, timely, challenging, and engaging, *Ways of Social Change* shows students how social change is both a lived experience and the result of our actions in the world. It invites the reader into the realm of social science where clarification, understanding, and inquiry provide for both informed opinions and a path to effective involvement. The core of the book focuses on five forces that powerfully influence the direction, scope, and speed of social change: science and technology, social movements, war and revolution, large corporations, and the state. A concluding chapter encourages students to examine their own perspectives and offers ways to engage in social change now and in their lifetime.
