Gold, Douglas S. Duckworth, 2019-08-06 Śāntideva's eighth century work the *Guide to Bodhisattva Practice* Bodhicaryavatara is known for its eminently practical instructions and its psychologically vivid articulations of the Mahāyāna path It is a powerful succinct poem into which are woven diverse Buddhist traditions of moral transformation meditative cultivation and philosophical insight Since its composition it has seen continuous use as a ritual contemplative and philosophical manual making it one of the crucial texts of the Buddhist ethical and philosophical tradition This book serves as a companion to this Indian Buddhist classic The fifteen essays contained here illuminate the *Guide's* many philosophical literary ritual and ethical dimensions Distinguished scholars discuss the historical significance of the text as an innovative piece of Indian literature illuminate the important roles it played in shaping Buddhism in Tibet and bring to light its contemporary significance for philosophy and psychology Whether experienced or first time students of Buddhist literature readers will find compelling new approaches to this resonant masterpiece Jamgon Kongtrul's Retreat Manual Jamgon Kongtrul Lodro Taye, 1990-01-01 The Kagyu and Nyingma traditions of Himalayan tantric Buddhism require a long period of intensive training in meditation a three year three month retreat before a practitioner is considered to be a qualified teacher Jamgon Kongtrul's *Retreat Manual* was written in the mid nineteenth century for those who wish to embark on this rigorous training It guides them in preparing for retreat provides full details of the program of meditation and offers advice for their re entry into the world Jamgon Kongtrul's *Retreat Manual* also introduces us to one of the towering figures of nineteenth century Tibet Jamgon Kongtrul the Great 1813-99 The three year retreat center he describes in this book was his creation and its program consisted of those practices Kongtrul treasured enough to pass on to future generations through the spiritual leaders he trained **Pointing Out the Great Way** Daniel P. Brown, 2006-10-10 Many books have been published in recent years on the topic of mahamudra or

meditation on the fundamentally clear nature of the mind This book is different in the systematic way it draws from a variety of source texts in order to construct a complete graded path of practice informed by an understanding of the particular obstacles faced by meditators in the West Dan Brown is a clinical psychotherapist who has also spent much time evaluating the experiences of meditators on longterm retreats He knows the Tibetan literature on mahamudra meditation and has over thirty years of both personal meditation experience and observation of the experiences of others He co wrote with Ken Wilber and Jack Engler the book Transformations in Consciousness and he teaches an annual seminar on mahamudra meditation at the Esalen Institute Pointing Out the Great Way is a spiritual manual that describes the Tibetan Buddhist meditation known as mahamudra from the perspective of the gradual path The gradual path is a progressive process of training that is often contrasted to sudden realization As such this book contains a step by step description of the ways to practice precise descriptions of the various stages and their intended realizations and the typical problems that arise along with their remedies Simply put mahamudra meditation involves penetrative focus free of conceptual elaboration upon the very nature of conscious awareness A unique feature of this book is its integrative approach to the stages of mahamudra meditation A number of works on Buddhist meditation stages in general and mahamudra meditation in particular are already available in English yet none single text or commentary on the stages of mahamudra meditation captures the inner experience of these stages in sufficient detail to convey its richness This book represents the needed alternative by integrating material from a variety of root texts practical manuals

The Buddha Within Susan K. Hookham, 1991-05-30 Tathagatagarbha Buddha Nature is a central concept of Mahayana Buddhism crucial to all the living practice traditions of Tibetan and Zen Buddhism Its relationship to the concept of emptiness has been a subject of controversy for seven hundred years Dr Hookham s work investigates the divergent interpretations of these concepts and the way the Tibetan tradition is resolving them In particular she does this with reference to the only surviving Indian commentary on the Tathagatagarbha doctrine the Ratnagotravibhaga This text addresses itself directly to the issue of how to relate the doctrine of emptiness the illusory nature of the world to that of the truly existing changeless Absolute the Buddha Nature This is the first work by a Western writer to present an analysis of the Shentong tradition based on previously untranslated sources The Shentong view rests on meditative experience that is inaccessible to the conceptualizing mind It is deeply rooted in the sutra tradition of Indian Buddhism and is central to an understanding of the Mahamudra and Dzogchen traditions and Tantric practice among Kagyupas and Hyingmapas

View and Meditation Tina Draszczyk, 2020-01-10 View Meditation consists of six teachings by the 14th 4th and 2nd Shamar Rinpoches in which they describe the essential view and meditation of the Kagy Mahamudra tradition of Tibetan Buddhism These teachings elucidate concept dharmakaya a term which originated with Gampopa 1079 1153 one of the founding fathers of this tradition Similar to the Heart Sutra concept dharmakaya emphasizes that all thoughts and emotions as well as any perception of a seemingly outer world is but a manifestation of awareness and that

awareness in terms of having the quality of knowing is nothing other but mind's true nature
