The Fiction of Evil Peter Brian Barry, 2016-10-04 What makes someone an evil person How are evil people different from merely bad people Do evil people really exist Can we make sense of evil people if we mythologize them Do evil people take pleasure in the suffering of others Can evil people be redeemed Peter Brian Barry answers these questions by examining a wide range of works from renowned authors including works of literature by Kazuo Ishiguro Mark Twain Edgar Allan Poe Herman Melville and Oscar Wilde alongside classic works of philosophy by Nietzsche and Aristotle By

considering great texts from literature and philosophy Barry examines whether evil is merely a fiction The Fiction of Evil explores how the study of literature can contribute to the study of metaphysics and ethics and it is essential reading for those studying the concept of evil or philosophy of literature at undergraduate level Informers Up Close Mark A.

Solidarities with the Non/Human, or, Posthumanism in Literature Stefan Herbrechter,2024-11-18 This volume collects essays written over the last decade by one of the founders and leading figures of the theoretical movement of critical posthumanism The readings of literary texts gathered here from Shakespeare Keats Camus Vittorini Kundera Haushofer Atwood Eagleman Crace and DeLillo focus on posthumanist moments in which questions of postanthropocentrism and the nonhuman become prominent are negotiated and ultimately foreclosed They show how a deconstructively minded way of reading humanistically motivated texts can help making these texts relevant for our so called posthuman times In doing so these critical posthumanist readings demonstrate that literature remains one of the privileged cultural institutions and practices from which solidarities both with and between the human and nonhuman can be formed and negotiated **A**

History of Drugs Toby Seddon,2009-12-03 A History of Drugs details the history of the relationship between drugs and freedom over the last two hundred years thus disturbing and unravelling the naturalness of the drug question as it traces the multiple and heterogeneous lines of development out of which it has been assembled Hats Clair Hughes,2017-06-01

Although a hat may be designed for the purpose of practicality or aesthetics it is part of a complex interplay of wider cultural meanings Throughout history hats have played a significant role in expressing and revealing notions of class gender authority fashion and etiquette By examining the consumption and production of hats from the 18th century to the present day this book explores their significance as markers of social and cultural change Taking a thematic approach Clair Hughes charts how headgear during the modern era has been shaped by status gender and necessity Using case studies such as the bowler hat which has moved up and down classes and professions Hughes reveals that although a hat might seem bound to its status and context it is as susceptible to subversion and reinvention as the society which creates it From the transition of pilots helmets from practical headgear to fashion items to the Slouch hat and the baseball cap hats have responded to cultural or political movements often becoming conscious displays of identity and social allegiance Drawing from material and historical research as well as depictions in art literature and film Hughes provides a fascinating insight into hats as a visible performance of social values and culture

The Grade Cricketer Dave Edwards, Sam Perry, Ian Higgins, 2018-09-01 Welcome to the world of The Grade Cricketer Described as the most original voice in cricket The Grade Cricketer represents the fading hopes and dreams of every ageing amateur sportsman In this tell all autobiography The Grade Cricketer describes his cricketing career with unflinching honesty and plenty of humour in turn providing insights into the hyper masculine cricket dressing room This one time junior prodigy is now experiencing the lean increasingly existential years of adult cricket Here he learns quickly that one will need more than just runs and wickets to make it in the alpha dominated grade cricket jungle where blokes like Nuggsy Bruiser Deeks and Robbo reign supreme Through it all The Grade Cricketer lays bare his deepest insecurities his relationship with Dad his fleeting romances outside the cricket club and in turn we witness a gentle maturation a slow realisation that perhaps

just maybe there is more to life than hitting 50 not out in third grade and enjoying a few celebratory beers afterwards Or is there The Grade Cricketer book is based upon the popular Twitter account gradecricketer which has received critical acclaim for its frighteningly honest portrayal of amateur cricket Now the time has finally come for this middling amateur sportsman to tell his story in full The Grade Cricketer is the finest tribute to a sport since Nick Hornby s Fever Pitch and the best cricket book in yonks It s belly laughing funny but it s also a hymn to the grand and complex game delivered with a narrative pace and ability I m afraid most Test players don t have For anyone who ever dreamed of excelling at a sport but never quite made it but still gave it your life this is the story A great read Tom Keneally AO Literature and the Bible David

Bevan,2023-12-18 *The Soul of Creative Writing* Richard Goodman,2017-07-05 I have a faith in language said the poet W S Merwin It s the ultimate achievement that we as a species have evolved so far Language is a deep ocean of living words as varied as undersea life It is a gift inherited by each person when he or she is born it can be corrupted and regulated but it cannot be owned It is an enormous complex inexhaustible gift The Soul of Creative Writing is a tribute to language and to its potentials It explores the elements of language style rhythm sound and the choice of the right word Richard Goodman paints an image of how language can produce a life and meaning that otherwise cannot exist in the symbols themselves Goodman s stunningly creative collection was written after a lifetime of working and struggling with language He collects rich examples from writers of the past and present both great and small and uses them to illustrate how each element of our written language can be used The book begins with an analysis of words and how they can be used to create music on the page Goodman uncovers the strength of words writing about the shades of meaning that make the search for the exact word both arduous and immensely rewarding He discusses how to find the proper title and how to find a fitting subject He show how to create nonfiction work that is vivid and memorable through the use of the same techniques fiction writers employ Goodman s volume is written with humor and clarity with fascination and reverence Writers will find it an indispensable source of creative inspiration and instruction In Goodman s words reading is a tour of a writer s efforts at manipulating language to create art to create flesh and blood and mountains cities homes and gardens out of inky symbols on the page To literary critics this book will be a guide to understanding the tools and devices of great writing Emerging Theologies from the Global South Mitri Raheb,Mark A. Lamport,2023-03-29 In recent decades there has been a seismic shift in world Christianity Whereas formerly Christianity existed as a Caucasian Euro American phenomenon the majority of Christians today reside in the Southern Hemisphere or the Global South And what is true for the demographics of Christianity has followed lockstep for its theological developments The era of German theologians setting the tone for global church are gone Today some of the loudest and most creative voices in theology speak from the emerging contingencies of the Global South for example promoting Latinx Black Caribbean and Asian theologies and their influence often influences the conversation in the United States and Europe In addition just as the center of Christianity has moved geographically from north to south so with

theological seminaries in the west which have declined as training centers for clergy These events coincide with new theological centers are opening in Asia Africa Oceania and Latin America The bottom line is contemporary Christianity today looks significantly different than it did a century ago and publications have been slow to acknowledge let alone describe and elaborate upon this major shift to the largest religion in the world These shifts guide our intentions in this book Such a reference book which could also be used as a textbook therefore is very much needed In fact there is nothing like the contents of this single volume book in the publishing market which allows for high quality interdisciplinary and international dialogue

The Ninth Hour Harrison Mujica-Jenkins, 2008-10-03 The ninth hour is the hour in which the sun possesses us and we abandon ourselves to its burning blinding flame to think with a light so bright At noon we come out of Plato's cave and stare into the sun the unknown gazing into the unknown These writings do not owe anything to the philosophical sun the good sun of Plato that erases all differences the good sun of enlightened reason that is oblivious to the knowledge of the madman They are writings born beyond the sun on the rotten side of the sun unprotected by the shadow of logic writings come out of darkness of the spiritual umbra of he who stares directly at the sun And more specifically writings begotten out of the spiritual nigrescence of whom writes at the ninth hour at high noon

The Facts on File Companion to the World Novel Michael Sollars, Arbolina Llamas Jennings, 2008

The Xmas Files Stephen Law, 2011-12-15 A philosophical but fun look at the meanings of Christmas myths and rituals from carving the turkey to why Santa wears red Picture the scene Aunt Gertrude has just given you the most appalling Christmas tie complete with snow flecked kittens in a bowler hat Do you smile nod and confine it to the bottom drawer Or do you tell the truth and spare yourself future ties from hell Kant would say that we must at all costs tell the truth whilst Mill would insist that we should think of the consequences THE XMAS FILES is a philosophical meander

though the myths and rituals of Christmas today asking such important questions as does Santa exist What's wrong with Christmas kitsch Is it all just a commercial racket What was Augustine's attitude to peace on earth And what would David Hume have to say about the virgin birth For underneath all the festive fun the way we celebrate Christmas does raise serious questions about the beliefs that sustain us and the ways in which we still value ritual and tradition as a means of coming together
