A Companion To Mekas Walden Scott Hammen, 2022-03-18 A Companion to Mekas Walden is an in depth guide to Jonas Mekas s film masterpiece It is designed to enrich the viewer s journey through the cultural ferment of New York City in the 1960s explored by Mekas s film When

Mekas's Diaries Notes and Sketches also known as Walden premiered in New York in 1969 it opened a new chapter in the history of artists film A new generation suddenly discovered that the film medium was not reserved for the commercial entertainment industry but could be used by individual artists and poets too And at the same time Walden was also an invaluable record of a time and place that was the nexus of multiple forms of American art including music painting dance theater and poetry As critic Amy Taubin wrote Whenever people ask me what it was like to live in New York in the 60s I refer them to Mekas's Walden A Companion to Mekas Walden provides a wealth of information on the film's subjects not just those like John Lennon and Andy Warhol who were already world famous but also many who have been undeservedly forgotten

Factory Made Steven Watson,2003-10-21 *Factory Made* Warhol and the Sixties is a fascinating look at the avant garde group that came together from 1964 to 1968 as Andy Warhol's Silver Factory a cast that included Lou Reed Nico Edie Sedgwick Gerard Malanga Paul Morrissey Joe Dallesandro Billy Name Candy Darling Baby Jane Holzer Brigid Berlin Ultra Violet and Viva Steven Watson follows their diverse lives from childhood through their Factory years He shows how this ever changing mix of artists and poets musicians and filmmakers drag queens society figures and fashion models all interacted at the Factory to create more than 500 films the Velvet Underground paintings and sculpture and thousands of photographs Between 1961 and 1964 Warhol produced his most iconic art the Flower paintings the Marilyns the Campbell's Soup Can paintings and the Brillo Boxes But it was his films Sleep Kiss Empire The Chelsea Girls and Vinyl that constituted his most prolific output in the mid 1960s and with this book Watson points up the important and little known interaction of the Factory with the New York avant garde film world Watson sets his story in the context of the revolutionary milieu of 1960s New York the opening of Paul Young's Paraphernalia Truman Capote's Black and White Ball Max's Kansas City and the Beautiful People Party at the Factory among many other events Interspersed throughout are Watson's trademark sociogram more than 130 black and white photographs some never before seen and many sidebars of quotes and slang that help define the Warholian world With *Factory Made* Watson has focused on a moment that transformed the art and style of a generation **Summer**

of Love Christoph Grunenberg,Jonathan Harris,Jonathan P. Harris,2005-01-01 Though more than a generation has passed since the revolutionary fervor of the Summer of Love of 1967 the 1960s in many ways seem with us still From recurring debates over the war in Vietnam to the perpetually appealing music of the Beatles and the Rolling Stone to the concern about youth drug use the legacy of the 1960s is ubiquitous in contemporary life The Summer of Love brings together an impressive group of historians artists and cultural critics to present a rich and varied interpretation of this seminal decade and its continuing influence on politics society and culture The Summer of Love which accompanies an exhibition at Tate Liverpool pays particular attention to the wildly creative psychedelic art of the era Perceptive essays on psychedelic comics graphic design and typography light shows and film successfully rescue psychedelic art from the fog of nostalgia and unjust critical neglect Distinguished contributors also explore the role of 1960s fashion and architecture and they consider anew the central

influence of hallucinogenic drugs on the art of the era Running throughout the essays are the elements of epochal change from sexual liberation to student revolutions that still form the backdrop of our collective consciousness of the 1960s An incisive collection of writings on all aspects of 1960s art and culture tempered by time and critical distance The Summer of Love will be indispensable for those who wish they had been there or for those who were but can't remember it **The Political Force of Musical Beauty** Barry Shank,2014-03-17 In The Political Force of Musical Beauty Barry Shank shows how musical acts and performances generate their own aesthetic and political force creating however fleetingly a shared sense of the world among otherwise diverse listeners Rather than focusing on the ways in which music enables the circulation of political messages he argues that communities grounded in the act and experience of listening can give rise to new political ideas and expression Analyzing a wide range of beautiful music within popular and avant garde genres including the Japanese traditions in the music of Takemitsu Toru and Yoko Ono the drone of the Velvet Underground and the insistence of hardcore punk and Riot grrrl post punk Shank finds that when it fulfills the promise of combining sonic and lyrical differences into a cohesive whole musical beauty has the power to reorganize the basis of social relations and produce communities that recognize meaningful difference *Street-Level Superstar* Will Hodgkinson,2024-09-05 Longlisted for the Pendergyn Music Book Prize Rough Trade Book of the Year Uncut Book of the Year Mojo Book of the Year A Guardian Book of the Year A Daily Mail Book of the Year A Financial Times Book of the Year A Resident Book of the Year A Telegraph Book of the Year A Daily Express Book of the Year Will has finally written his masterpiece I'm glad I could be of assistance LAWRENCE Lawrence is the greatest pop star who never made it his dreams of glory thwarted over the past five decades by bad luck and self sabotage At sixty one he set off on a new mission to escape poverty obscurity and the humiliation of kids at the bus stop laughing at him by writing a smash hit But what is the cost of a dream In 1980 Lawrence formed Felt releasing ten albums and ten singles in ten years In 1991 he reinvented himself with novelty pop outfit Denim Signed to EMI riding the wave of Britpop in 1997 Denim's song Summer Smash became Radio 1's Single of the Week and looked like a sure fire hit Then Princess Diana was killed in a car crash All copies were melted down Crushing depression addiction and homelessness followed but in the face of it all Lawrence never gave up In Street Level Superstar bestselling author and journalist Will Hodgkinson follows Lawrence as he rebuilds his life He gets mistaken for an old lady by an amorous pensioner is reduced to dragging sacks of 2p coins to his local bank and wanders through London's distant suburbs in search of lyrical inspiration As they walk together down rain soaked streets Will tells the story of Britain's most eccentric cult star Will he write the greatest song the world has ever known before the year is out And was it worth sacrificing everything family relationships health sanity for art *The Rough Guide to The Velvet Underground* Peter K. widely accepted to be the greatest in their field Yet such an apparently simple construct embodies a complicated web of values and mechanisms Canons are also inherently elitist however Carys Wyn Jones here explores the emerging reflections of values terms and mechanisms from the canons of Western literature and classical music in the reception of rock music Jones examines the concept of the canon as theorized by scholars in the fields of literary criticism and musicology before moving on to search for these canonical facets in the reception of rock music as represented by ten albums Bob Dylan s Highway 61 Revisited The Beach Boys Pet Sounds The Beatles Revolver The Velvet Underground s The Velvet Underground Nico Van Morrison s Astral Weeks Marvin Gaye s What s Going On The Rolling Stones Exile on Main St Patti Smith s Horses The Sex Pistols Never Mind the Bollocks Here s the Sex Pistols and Nirvana s Nevermind Jones concludes that in the reception of rock music we are not only trying to organize the past but also mediate the present and any canon of rock music must now negotiate a far more pluralized culture and possibly accept a greater degree of change than has been evident in the canons of literature and classical music in the last two centuries

Feedback David Joselit,2010-02-26 In a world where politics is conducted through images the tools of art history can be used to challenge the privatized antidemocratic sphere of American television American television embodies a paradox it is a privately owned and operated public communications network that most citizens are unable to participate in except as passive speculators Television creates an image of community while preventing the formation of actual social ties because behind its simulated exchange of opinions lies a highly centralized corporate structure that is profoundly antidemocratic In Feedback David Joselit describes the privatized public sphere of television and recounts the tactics developed by artists and media activists in the 1960s and 1970s to break open its closed circuit The figures whose work Joselit examines among them Nam June Paik Dan Graham Joan Jonas Abbie Hoffman Andy Warhol and Melvin Van Peebles staged political interventions within television s closed circuit Joselit identifies three kinds of image events feedback which can be both disabling noise and rational response as when Abbie Hoffman hijacked television time for the Yippies with flamboyant stunts directed to the media the image virus which proliferates parasitically invading transforming and even blocking systems as in Nam June Paik s synthesized videotapes and installations and the avatar a quasi fictional form of identity available to anyone which can function as a political actor as in Melvin Van Peebles s invention of Sweet Sweetback an African American hero who appealed to a broad audience and influenced styles of Black Power activism These strategies writes Joselit remain valuable today in a world where the overlapping information circuits of television and the Internet offer different opportunities for democratic participation In Feedback Joselit analyzes such midcentury image events using the procedures and categories of art history The trope of figure ground reversal for instance is used to assess acts of representation in a variety of media including the medium of politics In a televisual world Joselit argues where democracy is conducted through images art history has the capacity to become a political science
