The Conduct of War, 1789-1961 Maj.-Gen J. F. C. Fuller,2018-04-03 A tour de force in the way it embraces and weaves together the political economic and military factors B H Liddell Hart A work which sums up succinctly the learning of a life time New Statesman The Conduct of War 1789 1961 which was originally published in 1961 is a study of the way in which political and economic changes since the French Revolution have altered both the techniques and the aims of war The author begins by studying the limited wars that were possible in the age of absolute rulers and the destructive impact of revolutionary and democratic government on this state of affairs Not only did the new armies of the Napoleonic age grow immensely in size and military power the aims for which the war was fought began to change Now it is no longer a question of forcing the enemy government to change its policy in specific ways the purpose is the destruction of that government and the absolute surrender of its people Such a concept of war the author contends is a disastrous return to barbarism and in this book he considers his study in the light of post war events with Communist countries

The Lost Papers of Confederate General John Bell Hood Stephen M. Hood,2022-05-20 Scholars hail the find as the most important discovery in Civil War scholarship in the last half century The invaluable cache of Confederate General John Bell Hood s personal papers includes wartime and postwar letters from comrades subordinates

former enemies and friends exhaustive medical reports relating to Hood's two major wounds and dozens of touching letters exchanged between Hood and his wife Anna. This treasure trove of information is being made available for the first time for both professional and amateur Civil War historians in Stephen Sam Hood's *The Lost Papers of Confederate General John Bell Hood*. The historical community long believed General Hood's papers were lost or destroyed and numerous books and articles were written about him without the benefit of these invaluable documents. In fact, the papers were carefully held for generations by a succession of Hood's descendants and in the autumn of 2012 transcribed by collateral descendent Sam Hood as part of his research for his book *John Bell Hood: The Rise, Fall and Resurrection of a Confederate General* (Savas Beatie, 2013). This collection offers more than 200 documents. While each is a valuable piece of history, some shed important light on some of the war's lingering mysteries and controversies. For example, several letters from multiple Confederate officers may finally explain the Confederate failure to capture or destroy Schofield's Union army at Spring Hill, Tennessee, on the night of November 29, 1864. Another letter by Lt. Gen. Stephen D. Lee goes a long way toward explaining Confederate Maj. Gen. Patrick Cleburne's gallant but reckless conduct that resulted in his death at Franklin. Lee also lodges serious allegations against Confederate Maj. Gen. William Bate. While these and others offer a military perspective of Hood, the general, the revealing letters between he and his beloved and devoted wife Anna help us better understand Hood, the man and husband. Historians and other writers have spent generations speculating about Hood's motives, beliefs, and objectives, and the result has not always been flattering or even fully honest. Now, long believed lost firsthand accounts previously unavailable offer insights into the character, personality, and military operations of John Bell Hood, the general, husband, and father. *Canada's Sons and Great Britain in the World War* (George Gallie Nasmith, George Callis Nasmith, 1919) **The English Review** (Ford Madox Ford, 1917) Richard Hakluyt and the English Voyages (George Bruner Parks, 1928) *Wartime Macau* (Geoffrey C. Gunn, 2016-11-01). It has intrigued many that unlike Hong Kong, Macau avoided direct Japanese wartime occupation, albeit being caught up in the vortex of the wider global conflict. Geoffrey Gunn and an international group of contributors come together in *Wartime Macau: Under the Japanese Shadow* to investigate how Macau escaped the fate of direct Japanese invasion and occupation. Exploring the broader diplomatic and strategic issues during that era, this volume reveals that the occupation of Macau was not in Japan's best interest because the Portuguese administration in Macau posed no threat to Japan's control over the China coast and acted as a listening post to monitor Allied activities. Drawing upon archival materials in English, Japanese, Portuguese, and other languages, the contributors explain how, under the high duress of Japanese military agencies, the Portuguese administration coped with a tripling of its population and issues such as currency, food supply, disease, and survival. This volume presents contrasting views on wartime governance and shows how the different levels of Macau society survived the war. *Wartime Macau* deals with a fascinating and woefully understudied topic. The essays collected here show that there was no singular experience of World War II in Macau; how one experienced the war depended

on a complex calculus of ethnicity class and connections And yet taken together these experiences shaped the trajectory of the city's political and social development for decades to come Cathryn H Clayton University of Hawai'i at Mānoa This book represents a real breakthrough Previous English language accounts of Macau during the World War II have focused largely on the activities of the British in this neutral Casablanca Drawing extensively on Portuguese Japanese and local Macanese sources Geoffrey Gunn and his team have assembled a far broader picture revealing the dilemmas and choices of Portugal's beleaguered colonial government and placing Macau in a geopolitical context that stretched from the Azores to Australia Philip Snow author of *The Fall of Hong Kong* **A Dilemma of English Modernism** Michael J. K. Walsh, 2007-02 Presents a first history of the artist and his work within the literary and sociocultural context of contemporary London Paris Milan and New York This work also emphasizes a re-evaluative positioning of Nevinson's work within a modernist framework in literature and art in the first half of the twentieth century in northwest Europe Educational Times and Journal of the College of Preceptors, 1920 Munsey's Magazine for ..., 1901 *Annual Report* Carnegie Endowment for International Peace, 1925 *American 'Unculture' in French Drama* Les Essif, 2013-03-25 A book about the role America plays in the French imagination as it translates to the French stage Informed by a rich variety of Western cultural scholarship Essif examines two dozen post 1960 works representing some of the most innovative dramaturgy of the last half century including works by Gatti Obaldia Cixous Koltes and Vinaver A History of English Literature Emile Legouis, Louis François Cazamian, 1927 Allied Military Administration of Italy, 1943-1945 Charles Reginald Schiller Harris, 1957
