The Wisdom Of The Liminal:

The Wisdom of the Liminal Celia Deane-Drummond, 2014-10-30 In this book Celia Deane Drummond charts a new direction for theological anthropology in light of what is now known about the evolutionary trajectories of humans and other animals She presents a case for human beings becoming fully themselves through their encounter with God after the pattern of Christ but also through their relationships with each other and with other animals Drawing on classical sources particularly the work of Thomas Aquinas Deane Drummond explores various facets of humans and other animals in terms of reason freedom language and community In probing and questioning how human distinctiveness has been defined using philosophical tools she engages with a range of scientific disciplines including evolutionary biology biological anthropology animal behavior ethology and cognitive psychology The result is a novel deeply nuanced interpretation of what it means to be distinctively human in the image of God

The Liminal Loop Timothy L. Carson, 2022-02-24 Recent and current crises in health ecology society and spirituality have lent the whole arena of liminality a new urgency and relevancy Those who traverse the great transitions are rediscovering new ways of interpreting life through the liminal lens a way to make sense of the great voluntary and unchosen transitions that characterize modern life This anthology provides a unique overview of liminality as it gathers a diverse coterie of authors disciplines and contexts to explore its many facets Distinct in its interdisciplinary approach The Liminal Loop serves as an important source book for general readers teachers students artists counselors spiritual guides and social transformers From liminal poetry and musical traditions to the strange vertical world of the rock climber The Liminal Loop explores the swirling chaos on the other side of critical thresholds and suggests a pathway through the daunting middle passages of the in between With what can only be described as courage the many authors of this collection dare to look uncertainty in the eye knowing that this is a necessary journey and that it is better to travel with a common band of pilgrims than to go it alone

A Liminal Space Ernest Rubinstein, 2021-09-24 This book takes one step further the long standing debate among scholars of religious antiquity over when and why a parting of the ways happened between Judaism and Christianity in the early centuries of the Common Era It explores three interrelated questions what might have happened to prevent that split how might Western religion have looked had the split not occurred and how might features of that religion which never existed nonetheless manifest in some of the literature and artworks of the past half millennium The book envisions a religion that stands between historical Judaism and Christianity a counterfactual construction that challenges Jews and Christians to rethink their actual identities today

approaches the band's mythic trajectory through a combination of rhetorical analysis and autoethnographic explorations that unveil the more personal experiences most of us have with media Drawing heavily upon the works of Marshal McLuhan Joseph Campbell Thomas S Frentz and Janice Hocker Rushing Myth Fan Culture and the Popular Appeal of Liminality in the Music of U2 unpacks U2's popular appeal through the lenses of Agape spiritual communal love Amor romantic love and Eros erotic love Check out the book's official website for additional information <https://www.u2mythos.com> The Ritual Process Victor Turner, 2017-07-05 In The Ritual Process Structure and Anti Structure Victor Turner examines rituals of the Ndembu in Zambia and develops his now famous concept of Communitas He characterizes it as an absolute inter human relation beyond any form of structure The Ritual Process has acquired the status of a small classic since these lectures were first published in 1969 Turner demonstrates how the analysis of ritual behavior and symbolism may be used as a key to understanding social structure and processes He extends Van Gennep's notion of the liminal phase of rites of passage to a more general level and applies it to gain understanding of a wide range of social phenomena Once thought to be the vestigial organs of social conservatism rituals are now seen as arenas in which social change may emerge and be absorbed into social practice As Roger Abrahams writes in his foreword to the revised edition Turner argued from specific field data His special eloquence resided in his ability to lay open a sub Saharan African system of belief and practice in terms that took the reader beyond the exotic features of the group among whom he carried out his fieldwork translating his experience into the terms of contemporary Western perceptions Reflecting Turner's range of intellectual interests the book emerged as exceptional and eccentric in many ways yet it achieved its place within the intellectual world because it so successfully synthesized continental theory with the practices of ethnographic reports The Performance Studies Reader Henry Bial, Sara Brady, 2025-01-31 Since its first publication in 2004 The Performance Studies Reader has become the leading anthology of key writings on performance studies Now in its fourth edition it continues to offer an unparalleled selection of work by the foremost scholars in this continually evolving field offering a stimulating introduction to the crucial debates of Performance Studies These critical and theoretical contributions are joined in this edition by 26 new chapters bringing the collection up to date with current discourse and ideas and significantly expanding the range of subjects and authors represented Each essay includes contextual headnotes from the editors to introduce students to the writer and their impact on the field Newly added to this edition are contributions from Swati Arora Sara Ahmed Sarah Bay Cheng Claire Bishop Felipe Cervera Theron Schmidt and Hannah Schwadron Anita E Cherian and Gargi Bharadwaj Thomas F DeFrantz SLIPPAGE Soyica Diggs Colbert Tracy C Davis Saidiya V Hartman Travis Jackson Branslav Jakovljevi Ailton Krenak Andr Lepecki Fred Moten Jos Esteban Muoz Tavia Nyong'o Tamara Searle Stephanie Nohelani Teves and McKenzie Wark This new edition of The Performance Studies Reader provides an overview of the full range of performance theory for undergraduates at all levels and beginning graduate students in Performance Studies theatre performing arts and cultural studies Animal History in the Modern City Clemens

Wischermann, Aline Steinbrecher, Philip Howell, 2018-09-06 This book is open access and available on www.bloomsburycollections.com It is funded by Knowledge Unlatched Animals are increasingly recognized as fit and proper subjects for historians yet their place in conventional historical narratives remains contested This volume argues for a history of animals based on the centrality of liminality the state of being on the threshold not quite one thing yet not quite another Since animals stand between nature and culture wildness and domestication the countryside and the city and tradition and modernity the concept of liminality has a special resonance for historical animal studies Assembling an impressive cast of contributors this volume employs liminality as a lens through which to study the social and cultural history of animals in the modern city It includes a variety of case studies such as the horse human relationship in the towns of New Spain hunting practices in 17th century France the birth of the zoo in Germany and the role of the stray dog in the Victorian city demonstrating the interrelated nature of animal and human histories *Animal History in the Modern City* is a vital resource for scholars and students interested in animal studies urban history and historical geography **Fathers and Daughters in the Hebrew Bible** Johanna Stiebert, 2013-03-28 This book provides the fullest examination of father daughter depictions in the Hebrew Bible to date While father son depictions are more prominent there none the less exists a broad spectrum of metaphors myths legal texts and narrative accounts featuring daughters alongside fathers When this full range is taken into account instead of like many preceding approaches which have looked at more lurid examples like the narrative of Jephthah's sacrifice of his daughter or Lot's incest with his daughters in isolation it emerges that the daughter is depicted also in very affectionate terms The daughter is not invisible in the Hebrew Bible she emerges as an integral part of the family and occasionally at least as the most cherished and the most deserving of her father's protection **Christianity and the Triumph of Humor** Bernard Schweizer, 2019-07-17 This book traces the development of religious comedy and leverages that history to justify today's uses of religious humor in all of its manifestations including irreverent jokes It argues that regulating humor is futile and counterproductive illustrating this point with a host of comedic examples Humor is a powerful rhetorical tool for those who advocate and for those who satirize religious ideals The book presents a compelling argument about the centrality of humor to the story of Western Christianity's cultural and artistic development since the Middle Ages taking a multi disciplinary approach that combines literary criticism religious studies philosophy theology and social science After laying out the conceptual framework in Part 1 Part 2 analyzes key works of religious comedy across the ages from Dante to the present and it samples the breadth of contemporary religious humor from Brad Stine to Robin Williams and from Monty Python to South Park Using critical historical and conceptual lenses the book exposes and overturns past attempts by church authorities scholars and commentators to limit and control laughter based on religious ideological or moral criteria This is a unique look into the role of humor and comedy around religion It will therefore appeal to readers interested in multiple fields of inquiry including religious studies humor studies the history of ideas and comparative
