Desegregation Studies Staff,1977 **Reimagining School Integration** Jennifer B. Ayscue,2024-08-01 Since the peak of school desegregation in the late 1980s schools across the nation have been resegregating such that schools are now as segregated as they were during the late 1960s Segregation is systematically linked to unequal educational opportunities and outcomes while integration when well structured is associated with numerous short term and long term academic and social benefits for individuals and society In a time when public education is under attack and our nation is deeply divided along the lines of race class and politics the potential of integration to create more equitable educational opportunities and outcomes for individual students as well as greater social cohesion for our democratic pluralistic society is more important than ever Seventy years after the Supreme Court s landmark Brown v Board of Education decision ruled that segregated schools are inherently unequal this book reimagines what integration is and could be in our nation s current context of racial and political polarization the expansion of unregulated choice in public education and an increasingly diverse multiracial public school enrollment Through an exploration of research and policy this book develops a new conceptualization of integration by describing the contemporary drivers of segregation and recommending strategies to create a more equitable meaningful equal status form of educational integration for the future This book is a valuable resource for policymakers scholars educators and concerned citizens who are invested in learning about one way to help create a more equitable and just education system American Education ,1971 *Official Journal of the Proceedings of the Senate of the State of Louisiana* Louisiana. The American School Board Journal William George Bruce,William Conrad Bruce,1902 *Neoliberalism Economic Policy and the Collapse of the Public Sector* Lionel D. Lyles PhD.,2018-07-13 My book demonstrates how classical liberalism was the foundation upon which Thomas Jefferson George Washington Alexander Hamilton and others wrote the Declaration of Independence Constitution and the Bills of Rights however it was rolled back by 1980 and replaced with neoliberalism which was championed by the Reagan Administration In short this ideology has one main aim and that is to shrink government cut the budgets of social programs and give away billions of taxpayer dollars to private business in the form of tax breaks During the Jindal administration and by the end of its first term more than 7 billion worth of tax breaks had been given away to private business A surplus of 1 billion left in the Louisiana treasury by outgoing governor Kathleen Blanco after Hurricane Katrina was given away by the end of the first two months of its first term Today the Louisiana legislature is currently facing a 650 million fiscal cliff and no doubt more budget cuts are in store for the Louisiana public sector
