Working Collaboratively in Second/Foreign Language Learning María del Pilar García Mayo,2021-01-18 Since the

introduction of communicative language teaching collaborative learning has played an important role in the second language L2 classroom Drawing from sociocultural theory which states that human cognitive development is a socially situated activity mediated by language studies in L2 pedagogy advocate the use of tasks that require learners to work together Collaborative dialogue encourages language learning and research shows that the solutions reached by students in this process are more often correct with a lasting influence on their language comprehension This volume includes ten chapters that illustrate the benefits of collaborative dialogue in second foreign language classrooms The volume considers key issues dealing with collaborative tasks and implications for language teaching Quality Assessment of Chinese Preschools Kejian

Li,2024-02-29 This book presents the development of the Chinese Early Childhood Environment Rating Scale CECERS a culturally appropriate tool for assessing the quality of Chinese preschools It provides insights into the developmental profile and pedagogical characteristics of Chinese preschools which have been the main type of children s services in China over the past three decades The conceptual framework of CECERS is based on cultural contexts and refers to ECERS an international quality assessment tool for early childhood education ECE and combines the essential elements of ECE quality e g teacher child interactions with additional components tailored to the situation of Chinese preschools e g group educational activities A series of studies involving over 200 preschools and 500 classrooms were conducted to ensure the validity and reliability of the CECERS in different areas of China The content of CECERS has been continuously adapted according to the results of these verification studies The author also discusses issues related to improving the quality of Chinese preschools and proposes relevant policy recommendations The book will be an essential read to students and scholars of educational theory and Chinese studies It will also serve as an interesting reference for cross cultural scholars in the field of ECE research
