Regionalisation of Globalised Innovation Ulrich Hilpert, 2003-10-23 While processes of innovation are increasingly realised globally they can also take a highly regionalised expression In this book the global networks that link regions are set against the local aspects of innovation With contributions from international experts this book examines local Islands of Innovation where research and industrial expertise are concentrated along with areas where traditional industrial regions have passed through a process of innovative restructuring OECD Territorial Reviews: Newcastle in the North East, United Kingdom 2006 OECD, 2006-12-14 This review of a medium sized metropolitan area assesses the region's strengths and weaknesses and make a series of recommendations for improving its competitiveness De l'Auvergne Pierre Bonnaud, 2003 De l'Auvergne est la synthèse de plus de trente cinq ans de travaux historiques dans notre région L'Auvergne présente ici est celle de la longue durée des interactions innombrables entre les facteurs les plus divers de leur hiérarchisation variable avec le cours du temps des permanences aux apparences subtilement changeantes accompagnées de temps autre de quelques ruptures vraies mais partielles C'est une Auvergne sans frontière mais bien individualisée avec son foyer fondamental dans l'axe de l'Allier les aires d'influence directe et indirecte de ce dernier des périphéries qui se perturbent quelques archaïsmes mais non pas joratif et ils entrecroisent des courants extérieurs plus ou moins actifs et persistants des marges où on commence basculer vers d'autres horizons C'est un pays dont tous les observateurs ont souligné la constance où on ne couvre pas le repli sur soi mais une aptitude surprenante à trier et adapter ce qu'il emprunte Sur ces bases d'un choix clair par l'adaptation sa propre nature l'Auvergne a joué le rôle de relais entre les foyers les plus dynamiques de l'espace français Bassin Parisien France orientale structurée par le sillon rhodanien et les terres occidentales et méditerranéennes plus immobiles Tout cela qui pour l'essentiel durait plus de vingt siècles est maintenant fragilisé par des évolutions économiques et démographiques d'une puissance irrésistible Est-ce primordial pour autant Sans succomber la tentation de composer des onguents pour jambe de bois afin d'entretenir le moral de la troupe l'auteur met en avant quelques idées visant redynamiser l'Auvergne sur ses propres bases au sein de son cadre véritable la France centraliste mieux l'articuler sur ses voisins naturels de la France méditerranéenne qui l'englobe pour en faire un maillon solide et actif de la France toute entière en laquelle il ose croire malgré les nivellements organisés de la globalisation et d'une européanisation sans nul doute nécessaire mais mal conçue si elle doit remettre en cause l'héritage positif d'une nation telle que la nôtre Publishers' International ISBN Directory, 1998 Le Thema.
