In a Different Key John Joseph Donovan, Caren Brenda Zucker, 2016 Many others played starring roles too: doctors like Leo Kanner who pioneered our understanding of autism; lawyers like Tom Gilhool who took the families' battle for education to the courtroom; scientists who sparred over how to treat autism; and those with autism like Temple Grandin, Alex Plank, and Ari Ne'eman who explained their inner worlds and championed the philosophy of neurodiversity. This is also a story of fierce controversies from the question of whether there is truly an autism epidemic and whether vaccines played a part in it to scandals involving facilitated communication, one of many treatments that have proved to be blind alleys to stark disagreements about whether scientists should pursue a cure for autism.
