From School to Higher Education? Michael Cosser, Jacques Du Toit, 2002 This substantive report is essential reading for those involved in higher education planning and policy making

Umrabulo, 2001

British Education Index ,2003 *Private Student Loans* Richard Cordray,2013-02-11 This report details the risky practices and debt that stemmed from the boom and bust of the private student loan market in the past ten years According to the report s estimates outstanding student loan debt in the U S topped 1 trillion in 2011 Students were yet another group of consumers that were hurt by the boom and bust of the financial crisis The report found that too many student loan borrowers were given loans they could not afford and sometimes for more money than they needed They are now overwhelmed by debt and regret the decisions they made There are striking similarities between stories of the private student loan market and stories of mortgage market in the years leading up to the financial crisis Before the financial crisis some lenders in both markets engaged in aggressive marketing and risky underwriting They also originated loans for immediate sale Not all lenders chose this path but enough did to produce a market wide trend Contents of this report Lenders Loan Markets and Products Borrower Characteristics and Behaviors Consumer Protection Fair Lending Issues Recommendations Student Loan Glossary Figures and tables This is a print on demand report *Popping the Higher Education Bubble: How to Navigate the Impending Student Loan Crisis* Mike Fishbein,2014-04-17 Cheap credit on student loans coupled with widespread beliefs of ever increasing returns on investment has caused college tuition to vastly outpace inflation and family incomes From 1976 to 2010 commodities prices rose 280% and homes prices rose 400% while private education rose an incredible 1000% While the price of education has skyrocketed the value of a degree has not kept pace The increase in supply of degree holders has created an imbalance in the labor market In 1940 only one in 20 Americans held a college degree By 1977 that number had soared to one in four Over the past 30 years higher education has gone from facilitating upward mobility to exacerbating inequality For the first time in history the majority of unemployed Americans attended college and it s no more expensive than ever to go to college Student debt is now greater than 1 trillion and many graduates are unable to secure employment sufficient to pay off these loans As a result students are increasingly beginning to default on these loans Popping the Higher Education Bubble discusses the causes of the economic bubble the harmful effects it has had potential solutions to the problems an analysis of whether college is still a wise purchase and more The higher education bubble has many similarities to the housing bubble By comparing the student loan bubble to the mortgage bubble this book also identifies potential outcomes and investment opportunities were the student debt bubble to pop
