Classworks Literacy Eileen Jones, 2003 This teacher's resource series is designed for teaching Primary Literacy and Numeracy in today's classroom setting. Structured around the blocked units of work they provide everything teachers need to slot into their medium term plan. The series consists of Literacy Numeracy titles which provide a more comprehensive approach to lesson planning and Literacy Text and Numeracy Practice books full of great resources. *The Really Useful Literacy Book* Tony Martin, Chira Lovat, Glynis Purnell, 2004-06-03 Highly qualified literacy specialists show you how to plan units of work with flexibility and creativity whilst retaining the objectives of the National Literacy Strategy. A lively stimulating companion for foundation and Key Stage 1-2 teachers. *Thinking and Learning through Children's Literature* Miriam G. Martinez, Junko Yokota, Charles Temple, 2017-04-18 Much of teachers' attention these days is focused on having students read closely to ferret out the author's intended meaning and the devices used to convey that meaning. But we cannot forget to guide students to have moving engagements with literature because they need to make strong personal connections to books of merit if they are to become the next generation of readers: literate people with awareness of and concern for the diversity of human beings around them and in different times and places. Fortunately guiding both students' personal engagement with literature and their close reading to appreciate the author's message and craft are not incompatible goals. This book enthusiastically and intelligently addresses both imperatives: first surveying what is gained when students are immersed in literature then celebrating and explicating the main features of literature students need to understand to broaden their tastes and deepen their engagement at the same time they meet external standards then presenting a host of active methods for exploring all major genres of children's books and finally presenting suggestions for interdisciplinary teaching units grounded in literature. Created by noted leaders in the fields of children's literature and literacy the book is enlivened by recurring features such as suggested reading lists issues for discussion links to technology and annotations of exemplary books. **Using Picture Storybooks to Teach Literary Devices** Susan Hall, 2001-12-30 The third volume of *Using Picture Storybooks to Teach Literary Devices* joins volumes 1 and 2 of this best-selling series to give teachers and librarians the perfect tool to teach literary devices to students in grades K-12. In this volume 120 well-reviewed picture storybooks published mainly in the last few years are listed sometimes more than once under 41 literary devices. All ages picture storybooks which can be enjoyed by adults as well as children are included. For each device a definition is given and descriptions of appropriate storybooks with information on how to use them the art style used in the book and a curriculum tie-in are provided. Among the literary devices included are alliteration analogy flashback irony metaphor paradox tone and 34 more. Indexes by author title art style and curriculum tie-in add to this outstanding book's great value. Grades 4-12.

Environment Poetry Andrew Frolish, 2012-10-19 This is a great new resource that provides a selection of poems lesson plans and worksheets designed to be used by Key Stage 2 teachers in literacy lessons. The poems and lesson plans are based

on a variety of environmental issues such as recycling dramatic weather changes and environmental disasters like oil spills The book contains 24 lessons with cross curricular links to support learning in other subject areas Their interest coincides with the need for schools to raise awareness of environmental concerns and to become more sustainable organisations
