Matthew Jefferies

Virgin Territory English Edition:

Virgin Territory Julia Kelto Lillis, 2023 Women's virginity held tremendous significance in early Christianity and the Mediterranean world. Early Christian thinkers developed diverse definitions of virginity and understood its bodily aspects in surprising, often non-anatomical ways. Eventually, Christians took part in a cross-cultural shift toward viewing virginity as something that could be perceived in women's sex organs. Treating virginity as anatomical brought both benefits and costs. By charting this change and situating it in the larger landscape of ancient thought, *Virgin Territory* illuminates unrecognized differences among early Christian sources and historicizes problematic ideas about women's bodies that still persist today.

Muslim Cultures Today Kathryn M. Coughlin, 2006-05-30 There is strong demand for current, accurate, and objective information about Islamic societies and Muslims around the world. This is the first survey for a general audience of key current topics in 16 countries with significant Muslim populations. Each chapter covering a country contains the following narrative elements: Overview, statistics, demographics of followers, brief history of their life there, Political Impact, Women's Status, Special Issues in the News, Notable People, biographical profiles, and Resource Guide with Suggested Reading, Films, Videos, Websites, and Organizations. The content ties in to World History standards to help analyze connections between globalizing trends in culture in the late 20th century and dynamic assertions of traditional cultural identity and distinctiveness, as well as to the Global Connections part of Social Studies standards. This will be essential reading for those desiring a one-volume resource about hot spots in the news today. Countries profiled include Afghanistan, Albania, Bosnia and Herzegovina, Egypt, Ethiopia, India, Indonesia, Iran, Iraq, Nigeria, Pakistan, Russia, Saudi Arabia, Sudan, Turkey, and Uzbekistan. Photos and maps help to put the narrative in perspective.

Space in the Tropics Peter Redfield, 2000-12-19 Rockets roar into space, bearing roughly half the world's commercial satellites from the same South American coastal rainforest where convicts once did time on infamous Devil's Island. What makes *Space in the Tropics* enthralling is anthropologist Peter Redfield's ability to draw from these two disparate European projects in French Guiana: a gleaming web of ideas about the intersections of nature and culture. In comparing the Franco-European Ariane rocket program with the earlier penal experiment, Redfield connects the myth of Robinson Crusoe, nineteenth-century prison reform, the Dreyfus Affair, tropical medicine, postwar exploration of outer space, satellite technology development, and ecotourism with a focus on place and the incorporation of this particular place into greater extended systems. Examining the wider context of the Ariane program, he argues that technology and nature must be understood within a greater ecology of displacement and makes a case for the importance of margins in understanding the trajectories of modern life.

Unto a Good Land Vilhelm Moberg, 2008-10-14 The third book in Moberg's classic *Emigrant Novels* series.

What Has Changed? Dafydd Fell, Henning Klöter, Bi-yu Chang, 2006 In March 2000, for the first time in its history, Taiwan witnessed a democratic change in ruling parties. Given the contrasting stances on Taiwan's political and cultural belonging held by the defeated party, the KMT, and the new ruling party,

the pro independence DPP the change was a historical turning point Although there has been increasing interest in Taiwan Studies in the last decade no single volume has yet addressed the complexity and impact of the change in ruling parties in Taiwan This book aims to fill that gap by comparing the years before and after the DPP's transition to power Although the analytical starting point is the regime change of 2000 the scope of topics goes beyond party politics Designed to provide an all encompassing view the thirteen chapters examine and evaluate the extent to which the change in Taiwan's ruling party has resulted in a political social economic and cultural transformation of the island They build a complex picture of the differences and the perhaps surprisingly high degree of continuities between the two regimes The book addresses readers interested in interdisciplinary approaches to Taiwan's recent political social and cultural changes Monthly Index of Russian Accessions, 1963 *The Anime Art of Hayao Miyazaki* Dani Cavallaro, 2015-05-12 The thought provoking

aesthetically pleasing animated films of Hayao Miyazaki attract audiences well beyond the director's native Japan Princess Mononoke and Spirited Away were critically acclaimed upon U S release and the earlier My Neighbor Totoro and Kiki's Delivery Service have found popularity with Americans on DVD This critical study of Miyazaki's work begins with an analysis of the visual conventions of manga Japanese comic books and anime an overview of Japanese animated films and a consideration of the techniques deployed by both traditional cel and computer animation This section also details Miyazaki's early forays into comic books and animation and his output prior to his founding of Studio Ghibli Part Two concentrates on the Studio Ghibli era outlining the company's development and analyzing the director's productions between 1984 and 2004 including Castle in the Sky My Neighbor Totoro and his newest film Howl's Moving Castle The second section also discusses other productions involving Studio Ghibli including Grave of the Fireflies and The Cat Returns Appendices supply additional information about Studio Ghibli's merchandise production Miyazaki's global fan base and the output of other Ghibli directors

Gender, Identity, and Tibetan Buddhism June Campbell, 2003-01-01 Gender Identity and Tibetan Buddhism is a cross cultural study which creates links between the symbolic representations of gender in the philosophy of Tibetan Buddhism and contemporary thinking in relation to identity politics and intersubjectivity it traces some of the important cultural factors in the representations of gender in Tibet's archaic images its monastic institutions and in the light of Tibetan Buddhism's popularity in the west June Campbell raises important questions concerning the potential uses and abuses of power authority and secrecy in the sexual practices of Tibetan Tantra now that its teachings are being disseminated throughout the world

Traveller in Space June Campbell, 2018-05-31 In this revised edition of June Campbell's ground breaking and ambitious work many of the key issues concerning gender identity and Tibetan Buddhism are now broadened and further clarified in order to create a better understanding of the historical importance of gender symbolisation in the very construction of religious belief and philosophy With its cross cultural stance the book concerns itself with the unusual task of creating links between the symbolic representations of gender in the philosophy of Tibetan Buddhism and contemporary western thinking

in relation to identity politics and intersubjectivity A wide range of sources are drawn upon in order to build up arguments concerning the complexities of individual gender roles in Tibetan society alongside the symbolic spaces allocated to the male and female within its cultural forms including its sacred institutions its representations and in the enactment of ritual And in the light of Tibetan Buddhism's popularity in the west timely questions are raised concerning gender and the potential uses and abuses of power and secrecy in Tibetan Tantra which with its unique emphasis on guru devotion and sexual ritual is now being disseminated worldwide What is made clear in this new edition however is that Campbell's ultimate aim is to elucidate through the use of a psychoanalytical perspective something of the dynamic inter relationship between the inner lives of individuals their gender identities in society and the belief systems which they create in order to provide cohesion continuity and meaning whether it be in the east or the west **Monthly Index of Russian Accessions** Library of Congress.
