Red Dragon Thomas Harris, 2001 **New York Magazine**, 1991-04-15 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea

Silence of the Lambs Thomas Harris, 1989-06-01 **After Hitchcock** David Boyd, R. Barton Palmer, 2010-01-01 Alfred Hitchcock is arguably the most famous director to have ever made a film Almost single handedly he turned the suspense thriller into one of the most popular film genres of all time while his Psycho updated the horror film and inspired two generations of directors to imitate and adapt this most Hitchcockian of movies Yet while much scholarly and popular attention has focused on the director's oeuvre until now there has been no extensive study of how Alfred Hitchcock's films and methods have affected and transformed the history of the film medium In this book thirteen original essays by leading film scholars reveal the richness and variety of Alfred Hitchcock's legacy as they trace his shaping influence on particular films filmmakers genres and even on film criticism Some essays concentrate on films that imitate Hitchcock in diverse ways including the movies of Brian de Palma and thrillers such as True Lies The Silence of the Lambs and Dead Again Other essays look at genres that have been influenced by

Hitchcock's work including the 1970s paranoid thriller the Italian giallo film and the post Psycho horror film The remaining essays investigate developments within film culture and academic film study including the enthusiasm of French New Wave filmmakers for Hitchcock's work his influence on the filmic representation of violence in the post studio Hollywood era and the ways in which his films have become central texts for film theorists **New York Magazine**, 1991-02-18 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea **SILENCE of the Lambs**, 2001

Production Design in the Contemporary American Film Beverly Heisner, 2004-01-30 While the viewer's eyes are trained on the actors the production design sets the mood for the film The design also subtly comments on the action and the characters moves the plot forward and adds to its symbolic content The production design of 23 films of the 1980s and 1990s is analyzed here The films are divided into five areas realistic films set in the present day stylized films including horror set in the present day period films period films that move through several decades and science fiction and fantasy films Among the movies analyzed are *The Silence of the Lambs* *She's Gotta Have It* *The Fisher King* *Ragtime* *Barton Fink* *Goodfellas* and *Alien* The quality of the designs is assessed by a careful reading of the mise en scene Often the designers own words are used to describe the effects and the process involved in achieving them Psycho Paths Philip L. Simpson, 2000 Philip L Simpson provides an original and broad overview of the evolving serial killer genre in the two media most responsible for its popularity literature and cinema of the 1980s and 1990s The fictional serial killer with a motiveless highly individualized modus operandi is the latest manifestation of the multiple murderers and homicidal maniacs that haunt American literature and particularly visual media such as cinema and television Simpson theorizes that the serial killer genre results from a combination of earlier genre depictions of multiple murderers inherited Gothic storytelling conventions and threatening folkloric figures reworked over the years into a contemporary mythology of violence Updated and repackaged for mass consumption the Gothic villains the monsters the vampires and the werewolves of the past have evolved into the fictional serial killer who clearly reflects American cultural anxieties at the start of the twenty first century Citing numerous sources Simpson argues that serial killers recent popularity as genre monsters owes much to their pliability to any number of authorial ideological agendas from both the left and the right ends of the political spectrum Serial killers in fiction are a kind of debased and traumatized visionary whose murders privately and publicly re empower them with a pseudo divine aura in

the contemporary political moment The current fascination with serial killer narratives can thus be explained as the latest manifestation of the ongoing human fascination with tales of gruesome murders and mythic villains finding a receptive audience in a nation galvanized by the increasingly apocalyptic tension between the extremist philosophies of both the New Right and the anti New Right Faced with a blizzard of works of varying quality dealing with the serial killer Simpson has ruled out the catalog approach in this study in favor of in depth an analysis of the best American work in the genre He has chosen novels and films that have at least some degree of public name recognition or notoriety including Red Dragon and The Silence of the Lambs by Thomas Harris Manhunter directed by Michael Mann Henry Portrait of a Serial Killer directed by John McNaughton Seven directed by David Fincher Natural Born Killers directed by Oliver Stone Zombie by Joyce Carol Oates and American Psycho by Bret Easton Ellis

Frames of Evil Caroline Joan Picart, David A. Frank, 2006 In *Frames of Evil* The Holocaust as Horror in American Film Picart and Frank challenge this classic horror frame the narrative and visual borders used to demarcate monsters and the monstrous After examining the way in which directors and producers of the most influential American Holocaust movies default to this Gothic frame they propose that multiple frames are needed to account for evil and genocide

Dissecting Hannibal Lecter Benjamin Szumskyj, 2008-01-22 This comprehensive study of author Thomas Harris popular works focuses particularly on Harris s internationally known antihero Hannibal The Cannibal Lecter in the classic novels Red Dragon Silence of the Lambs and Hannibal In 12 scholarly essays the work examines several themes within Harris trilogy including the author s artistic exploration of repressed desires his refinement of neo noir themes and the serial killer motif and his developing perceptions of feminine gender roles Several essays also focus on Harris works before and after the popular trilogy examining themes such as gothic romance in Harris s first novel Black Sunday and the making of a monster in the trilogy s 2006 prequel Hannibal Rising
