through to enliven your consciousness In this groundbreaking book Stuart Wilde brings to light new and compelling information about the sixth sense and tells you how to develop it He defines this sixth sense as sacred energy that taps you into the state of all knowing Once you discover the sixth sense etheric point of view it opens the energy centers in your subtle body and you take on more light going naturally from stiff to pliant flowing with life rather than struggling with it Stuart tells us in Sixth Sense that what you need is inner power a personal charisma a spiritual power an extrasensory perception that makes you bigger than life You garner that energy through compassion kindness introspection and solidity After reading this book your perception of life in all its subtlety and vastness will reach beyond the mundane to a special level of spirituality
