Back to Black provides the first full length critical analysis of this trilogy exploring how it pays homage to the iconography and themes of film noir through constant graphic experimentation and a striking reinvention of Feiffer's distinctive style. Fabrice Leroy shows how Feiffer deftly alternates between dramatic and satirical tones as he plays with the conventions of noir to provide a caustic yet moving commentary on mid twentieth century American life. Through close readings of each novel in the trilogy he examines Feiffer's singular depiction of the central political issues in the United States from the Great Depression to the 1950s which still resonate today: unionization struggles, cinematic propaganda, McCarthyism, the American Dream, immigration, antisemitism, civil rights and gender discrimination. Placing the noir trilogy into the context of Feiffer's long career, Back to Black demonstrates how he offers a loving pastiche of the genre without losing his unique voice or critical edge.
