University Access and Success Merridy Wilson-Strydom, 2015-02-11 The challenge of widening access and participation in higher education in a manner that ensures students are successful in their studies is a major issue globally and a significant research focus within higher education studies and higher education policy Similarly the challenge of under preparedness of students entering higher education has become increasingly pertinent as universities in both developed and developing countries struggle to improve their throughput rates in a context in which schooling no longer seems to provide sufficient preparation for entering university In this book Merridy Wilson Strydom applies the capabilities approach to better understand university access and participation and draws on a rich case study from South Africa to critically and innovatively explore the complex and contradictory terrain of access with success The book integrates quantitative and qualitative research with theory and practical application to provide a new framework for considering and improving the transition from school to university University Access and Success will appeal to academics and researchers in the field of higher education internationally The book also contributes to the growing body of international and comparative scholarship on the capabilities approach in higher education and will therefore be of value to higher education practitioners such as those working in the promotion of teaching and learning higher education quality assurance institutional research and student affairs

Achieving Nelson Mandela University? Sibongile Muthwa, Denver A. Webb, 2024-08-20 South Africa s higher education sector is rooted in the country s divided past A significant State driven restructuring from around 1997 to 2005 resulted in what is largely the current configuration of public universities But just over two decades later for a variety of reasons the higher education sector in South Africa appears beset with numerous challenges Nelson Mandela University is one of the public universities that emerged from the restructuring process The university is in an ongoing state of evolution of becoming It developed out of the amalgamation of the University of Port Elizabeth Port Elizabeth Technikon and

incorporation of the Port Elizabeth campus of Vista University as Nelson Mandela Metropolitan University in 2005 In 2017 it was renamed Nelson Mandela University after the world renowned statesman rather than the metropolitan area in which the university is primarily located The renaming was conceptualised as more than a marketing opportunity to rebrand the university but as an opportunity to reorientate the university to reposition Nelson Mandela University as an engaged and socially embedded university in the service of society striving to be the academic expression of the values and ethos of its iconic namesake Endeavouring to be something greater and different from the norm imbues its strategy public statements and practices The determination to achieve Mandela University serves or is intended to serve as both an organising principle and a lodestar A cross section of writers from different backgrounds situates Nelson Mandela University within the contemporary historical moment from which it emerged and examines its subsequent evolution While Nelson Mandela University has performed the usual work expected of any university it has also sought to turn the university outwards to achieve a higher purpose framing itself as a values based university on a journey to become something else In Achieving Nelson Mandela University the university attempts to give an account of itself The book is an intellectual and scholarly reflection on where the university has come from and where it is seeking to go

One World, Many Knowledges Halvorsen, Tar, Vale, Peter, 2016-05-12 Various forms of academic co operation criss cross the modern university system in a bewildering number of ways from the open exchange of ideas and knowledge to the sharing of research results and frank discussions about research challenges Embedded in these scholarly networks is the question of whether a global template for the management of both higher education and national research organisations is necessary and if so must institutions slavishly follow the high flown language of the global knowledge society or risk falling behind in the ubiquitous university ranking system Or are there alternatives that can achieve a better more ethically inclined world Basing their observations on their own experiences an interesting mix of seasoned scholars and new voices from southern Africa and the Nordic region offer critical perspectives on issues of inter and cross regional academic co operation Several of the chapters also touch on the evolution of the higher education sector in the two regions An absorbing and intelligent study

this book will be invaluable for anyone interested in the strategies scholars are using to adapt to the interconnectedness of the modern world It offers fresh insights into how academics are attempting to protect the spaces in which they can freely and openly debate the challenges they face while aiming to transform higher education and foster scholarly collaboration The Southern African Nordic Centre SANORD is a partnership of higher education institutions from Denmark Finland Iceland Norway Sweden Botswana Namibia Malawi South Africa Zambia and Zimbabwe SANORD s primary aim is to promote multilateral research co operation on matters of importance to the development of both regions Our activities are based on the values of democracy equity and mutually beneficial academic engagement **Going to University** Case,

Jennifer, Marshall, Delia, 2018-02-09 Around the world more young people than ever before are attending university Student numbers in South Africa have doubled since democracy and for many families higher education is a route to a better future for their children But alongside the overwhelming demand for higher education questions about its purposes have intensified Deliberations about the curriculum culture and costing of public higher education abound from student activists academics parents civil society and policy makers We know from macro research that South African graduates generally have good employment prospects But little is known at a detailed level about how young people actually make use of their university experiences to craft their life courses And even less is known about what happens to those who drop out This accessible book brings together the rich life stories of 73 young people six years after they began their university studies It traces how going to university influences not only their employment options but also nurtures the agency needed to chart their own way and to engage critically with the world around them The book offers deep insights into the ways in which public higher education is both a private and public good and it provides significant conclusions pertinent to anyone who works in and cares about universities **Government Managing Risk** Bruce Chapman, 2006-09-27 Higher education rates are increasing

throughout the Western world yet at the same time government budgets face increasing constraints This has ensured that the importance of student support is recognized in many countries In recent years there has been a world wide movement towards the use of income contingent loans ICL for higher education ICLs are now used in six countries following the Australian innovation of 1989 with the governments of many more countries looking very seriously at the model This impressive new book by Bruce Chapman analyzes ICLs particularly their use in supporting students exploring the experiences of a number of other countries adopting them Chapman presents analysis of a number of disparate case studies to illustrate how ICLs can aid risk management policy reforming in both progressive and administratively feasible ways This book describes examines and promotes an exciting new role for the public sector as a manager of risk and argues that ICLs have enormous potential to change the extent and nature of social and economic activities With the author s experience in the design and implementation of the Australian student financial support schemes this is a knowledgeable informative and enlightening book that will be useful to researchers students and policy makers alike **Going to University. Influence of Higher Education on the Lives of Young South Africans Jennifer Case, Delia Marshall, 2018-02-09 Around the world more young people than ever before are attending university Student numbers in South Africa have doubled since democracy and for many families higher education is a route to a better future for their children But alongside the overwhelming demand for higher education questions about its purposes have intensified Deliberations about the curriculum culture and costing of public higher education abound from student activists academics parents civil society and policy makers We know from macro research that South African graduates generally have good employment prospects But little is known at a detailed level about how young people actually make use of their university experiences to craft their life courses And even less is known about what happens to those who drop out This accessible book brings together the rich life stories of 73 young people six years after they began their university studies It traces how going to university influences not only their employment options but also nurtures the agency needed to chart their own way and to engage critically with the world around them The book offers deep insights into the ways in which public higher education is both a private and public good and it provides significant conclusions pertinent to anyone who works in and cares about universities **OECD**

Development Policy Tools Evidence-based Policy Making for Youth Well-being A Toolkit OECD, 2017-10-17 With 1.2 billion people today's youth population aged 15-24 represents the largest cohort ever to enter the transition to adulthood Close to 90% of these young people live in developing countries and the numbers will practically double in the least developed countries Male Infertility Sergio Oehninger, Thinus Kruger, 2007-01-23 Male factor infertility is a common

problem in reproductive medicine and can have a significant effect of the outcome of IVF treatment This comprehensive book covers the diagnosis and treatment of male factor infertility in depth It opens with a section on the basic science underlying the production of male gametes There is then a major section *Reflections of South African Student Leaders: 1994 to 2017*

Ntokozo Bhengu, Denyse Webbstock, 2020-05-13 *Reflections of South African Student Leaders 1994-2017* brings together the reflections of twelve former SRC leaders from across the landscape of South African universities Reviews of the previous volume 1981-2014 suggested that it contributed significantly to a better understanding of the stringent demands of visionary and transformative leadership required by university leaders in the fast-changing and increasingly complex public higher education sector This volume is based on comprehensive interviews with former student leaders each of whom provided a personal account in their own words of their experience in the position of student leadership The interviewees are from different backgrounds and of diverse political persuasions The book is important for current and future leaders of higher education institutions as it provides insights into the thinking aspirations desires fears and modus operandi of student leaders Such insight can contribute to developing and implementing appropriate strategies for achieving meaningful and constructive engagement with current and future student leaders Cost-sharing and Accessibility in Higher Education: A Fairer Deal? Pedro N. Teixeira, D. Bruce Johnstone, Maria J. Rosa, Hans Vossensteyn, 2007-11-23 Higher education finances lie

at the crossroads in many Western countries Hence worldwide the most common approach to the need for increasing revenue was to use some form or forms of cost sharing or the shift of some of the higher educational per student costs from governments and taxpayers to parents and students This raises several important challenges to higher education systems First there is the political and social controversy associated with most forms of cost sharing particularly with tuition fees Secondly there are important issues in terms of the broad context of social policy such as the role of families and students and the relationship that the state establishes with each of them Third there is the comparison of alternative instruments of cost sharing and the direct and indirect effects of each of them notably in terms of educational equality Overall underlying cost sharing debates are fundamental questions about social choice individual opportunities and the role of government in society

Quality and Inclusion in Education N.V. Varghese, Anjana Mangalagiri, A.
