Social Justice and Education in the 21st Century Willie Pearson Jr., Vijay Reddy, 2021-04-10 The world is not an equal place There are high and low income countries and high and low income households For each group there are differential educational opportunities leading to differential educational outcomes and differential labor market opportunities This pattern often reproduces the privileges and inequalities of groups in a society This book explores this differentiation in education from a social justice lens Comparing the United States and South Africa this book analyzes each country s developmental thinking on education from human capital and human rights approaches in both primary and higher education The enclosed contributions draw from different disciplines including legal studies sociology psychology computer science and public policy

British Education Index ,2003

Choice Architecture Versus Price Xiaoling Ang, 2016 We show that changes in choice architecture have a large effect on student loan decisions while we do not find significant effects of sizeable interest rate changes We evaluate the effect of two policies implemented in 2010 by the U S Department of Education 1 the requirement that all applicants for private student loans fill out a Self Certification Form which includes various disclosures about federal aid and 2 the prohibition of presenting a private student loan as a default option on a financial aid offer without disclosure of the relationship between the school and the creditor Using difference and difference and matching techniques on a proprietary dataset of private student loan originations from the Consumer Financial Protection Bureau and survey and administrative data from the Department of Education we show that these changes decreased private student loan originations by 33% at public four year institutions 18% at private not for profit four year institutions and 55% at four year for profit institutions In contrast we find no consumer response when analyzing 60 basis point decrease in the price of federal Parental PLUS loans at some schools using same datasets and similar estimation techniques

Student Loans and the Dynamics of Debt Brad Hershbein, Kevin M. Hollenbeck, 2015-02-23 The papers included in this volume represent the most current research and knowledge available about student loans and repayment It serves as a valuable reference for researchers and policymakers who seek a deeper understanding of how why and which students borrow for their postsecondary education how this borrowing may affect later decisions and what measures can help borrowers repay their loans successfully

Private Student Loans Richard Cordray, 2013-02-11 This report details the risky practices and debt that stemmed from the boom and bust of the private student loan market in the past ten years According to the report s estimates outstanding student loan debt in the U S topped 1 trillion in 2011 Students were yet another group of consumers that were hurt by the boom and bust of the financial crisis The report found that too many student loan borrowers were given loans they could not afford and sometimes for more money than they needed They are now overwhelmed by debt and regret the decisions they made There are striking similarities between stories of the private student loan market and stories of mortgage market in the years leading up to the financial crisis Before the financial crisis

some lenders in both markets engaged in aggressive marketing and risky underwriting They also originated loans for immediate sale Not all lenders chose this path but enough did to produce a market wide trend Contents of this report
