Morris, 2013-10-01 Caution

boxes identify issues that may lead to medication errors and strengthen actions that must be taken to avoid calculation errors Tips for Clinical Practice calls attention to information critical to math calculation and patient safety as well as issues related to practice Rule boxes familiarize students with information needed to accurately solve drug calculation problems

Dimensional Analysis for Meds: Simplified Dosage Calculations Anna M. Curren, 2025-03-03 Dosage calculation can be very challenging and intimidating for students. However, renowned author and educator Anna Curren applies her experience, knowledge, and proven method to take the fear factor out of manual math in *Dimensional Analysis Simplified Dosage Calculations* Seventh Edition. She breaks down the subject using dimensional analysis, which reduces all calculations into a single easy-to-solve equation. Furthermore, her conversational writing style brings the students to a safe place in the often intimidating realm of math. The updated Seventh Edition presents only the essential information. The first section includes a chapter with an overview of the metric system, as Curren states 98% of all calculations involve metric measures. The text is structured to feature content in small instructional steps followed by assessments to reinforce what has been learned.

Maternal-Child Nursing Care: Optimizing Outcomes for Mothers, Children, & Families Susan Ward, Shelton Hisley, 2015-06-03 It offers the perfect balance of maternal and child nursing care with the right depth and breadth of coverage for students in today's maternity/pediatric courses. A unique emphasis on optimizing outcomes, evidence-based practice, and research supports the goal of caring for women, families, and children not only in traditional hospital settings but also wherever they live, work, study, or play. Clear, concise, and easy to follow, the content is organized around four major themes: holistic care, critical thinking, validating practice, and tools for care that help students to learn and apply the material.
