described here a bit primitive and unusual the use of molasses and other sources of sugar including insect honeydew instead of malt wild yeast extraction from local fruits flowers and plants unusual bitter wild plants instead of regular hops and the overall lack of grains I hope this book will nevertheless inspire you to explore your own terroir and possibly integrate some local flavors into your brews The most important message from this book is really Explore have fun and create That s the stuff life should be made of **Storey's Basic Country Skills** John Storey,Martha Storey,2010-11-11 Whether you live on a small suburban lot or have a many acres in the country this inspiring collection will empower you to increase your self sufficiently and embrace a more independent lifestyle A variety of authors share their specialized knowledge and provide practical instructions for basic country skills like preserving vegetables developing water systems keeping farm animals and renovating barns From sharpening an axe to baking your own bread you ll be amazed at the many ways learning traditional skills can enrich your life
