African Church Fathers - Ancient and Modern Hans S. A. Engdahl, 2021-01-26 This critical and close reading of two African theologians Origen 185 254 and Mbiti 1931 2019 focuses on the following areas philosophy African philosophy and religion and Platonic cosmology ecclesiology and eschatology a parallel presentation of these three themes leads to a fourth theme that of the resurrection where it is argued that there exists a consensus and a convergence between the two This reading also highlights two convictions that partly have caused strong criticism Mbiti has suggested that African philosophy and religion have a conception of time of their own Origen that all and everything is gradually moving towards an apokatastasis at which point all will be saved Yet the contention is that even more important to both Mbiti and Origen is the

resurrection of Jesus Christ In order to establish the impact of the resurrection on their lives as Christians and as theologians a contrast reading has been undertaken i e texts are identified which underline the need to forge a link between the resurrection and the earthly ministry of Jesus These texts also underwrite the conviction of Mbiti as well as Origen of the resurrection as something which must be lived in church and society corporately as well as in personal devotion The fact of resurrection creates a new mode of life

Knowledge Beyond Colour Lines Monwabisi K. Ralarala, Salochana Lorraine Hassan, Rajani Naidoo, 2021-05-25 Knowledge remains timely in education The need for academics to contemplate its relevance worth use and everything in between deems a continuous intellectual project rather than a conundrum to be solved This book takes the South African context by the horns as it challenges the often dormant and traditionalist ways in which higher education spaces see knowledge Through original research and the voices of academics and students this book argues for repurposing knowledge generation knowledge sharing and critical pedagogy so that more inclusive teaching and learning environments can be both imagined and sustained The contentious tensionalities that this creates for LoLT and SoTL in particular are unlocked so as to trouble the South African higher education landscape with the intent to proffer alternative pathways for a knowledge beyond colour lines Prof Shan Simmonds PhD NWU This edited volume bristles with fresh scholarly approaches and insights of an emergent generation of engaged scholars grappling with the issues and problems of higher education in South Africa The issues dealt with here are varied and encompassing They are treated with intellectual delicacy and probing sensitivity articulacy informed data and bold conclusions They serve well Prof Kwesi Kwaa Prah Emeritus Professor of Sociology University of the Western Cape Founder of the Centre for Advanced Studies of African Society

Feeling lives: An intersectional exploration of past experiences and present living Lindsay Clowes, LJ Theo, Nadia Sanger, Landa Mabenge, Sisa Ngabaza, 2023-11-15 We each make sense of the world through our embodied feeling lives We do it through the social groupings contexts and processes which history rather than biology presents and assigns to us In this collection we aim to illustrate how these embodied feelings and emotions underpin contemporary theorising by sharing reflective autobiographical writing by individuals from a wide range of backgrounds and contexts This somewhat unruly collection unsettles conventional academic writing precisely because authors have grounded themselves in the tangible and the personal rather than in abstract theory We hope that readers might see aspects of their own lives in some of these stories develop better understandings of lives that are experienced very differently and start or continue to theorise their own lives

The Troubles Tim Pat Coogan, 2015-12-16 The Troubles refers to a violent thirty year conflict at the heart of which lay the constitutional status of Northern Ireland Over 3 000 people were killed on all sides and many more damaged by a legacy that continued long past

1998 After looking at the roots of Catholic discrimination of the Northern Irish state Coogan points to Orange prejudice in housing education and jobs and the lack of a Catholic outlet for peaceful protest He argues that the war in the North started as a civil rights demonstration but that radical Orange response soon turned protest into war He takes a close look at Ian Paisley the great pornographer John Hume the quiet peacemaker Gerry Adams gunman turned peacemaker and Albert Reynolds the first prime minister to insist on peace In this controversial volume Coogan covers all parts of the war from Bloody Sunday in 1972 to the Bobby Sands hunger strike Although written from a nationalist viewpoint Coogan has taken a complicated history and explained it simply with grace and wit **Law & Investment in Africa** Tinahse Kondo,2021-04-19 Zimbabwe has had a chaotic foreign direct investment FDI regime This has created the need for a detailed volume on the most important developments around the protection and treatment of FDI at not only a domestic level but also at bilateral regional and international levels The author argues that while Zimbabwe has now harmonised previously scattered legislation under the Zimbabwe Investment and Development Agency Act Chapter 14:37 and taken measures to reverse to varying degrees controversial policies such as the land reform programme and the Indigenism and Economic Empowerment Policy scepticism still prevails over the investor friendliness of the FDI regime in Zimbabwe **Access to History: Britain 1951-2007 Second Edition** Michael Lynch,2015-08-14 Exam Board AQA Edexcel OCR WJEC Level A level Subject History First Teaching September 2015 First Exam June 2016 Give your students the best chance of success with this tried and tested series combining in depth analysis engaging narrative and accessibility Access to History is the most popular trusted and wide ranging series for A level History students This title Supports the content and assessment requirements of the 2015 A level History specifications Contains authoritative and engaging content Includes thought provoking key debates that examine the opposing views and approaches of historians Provides exam style questions and guidance for each relevant specification to help students understand how to apply what they have learnt This title is suitable for a variety of courses including AQA The Making of Modern Britain 1951-2007 OCR Britain 1930-1997 Orania Lorato Mokwena,2024-09-10 Orania's enabled and uninterrupted existence in post apartheid South Africa continues to cast an eerie shadow over a country that proclaims to be united in diversity This essential question remains If Orania is a spit in the face of the postapartheid South African society why have four Black presidents allowed its existence 30 years into the birth of a non racial and non segregational country Could it be that Orania's continued existence is conveniently exploited by people of Orania and anti Afrikaner political parties and used as a bogeyman For as long as you are scared of this supposed apartheid nostalgic town and its people Orania remains a White Afrikaner safe haven An ill informed fear of Orania can be used by anti Afrikaner political parties to perpetuate Wit gevaar to maintain the claim that the apartheid in Orania is an example of what would happen if White Afrikaners were to govern South Africa again Orania Post apartheid South Africa's Bogeyman fuses academic literature conversations with Orania residents and photographs of Orania's landscape to provide you with insight

troubles the ways young people have been constructed as trouble through critical readings of the effects and impacts politically and ideologically globally and locally of scholarship and practice directed at South African young people's sexualities over the last three decades of addressing HIV GBV and other sexual and gender justice challenges Located primarily in South Africa the book speaks to global concerns about the politics of knowledge and transnational flows of information and practice with respect to gender and sexuality and is framed by global imperatives and analyses located in transnational postcolonial and intersectional feminist frameworks The key argument developed here and explored in relation to several different forms of research and practice is that efforts to challenge HIV GBV and unequal sexual and gender practices among young people particularly as evident in heterosexual relationships have tended to reflect and reproduce renewed orthodoxies about sexuality gender family and young people while bolstering global and local racist classist othering of certain communities and nation states and reiterating the innocence and authority of those already privileged and centred The book contributes to critical reflexive work on global practices of knowledge and its complex enmeshment with power in the terrain of sexual and gender justice work aimed at young people Yearbook of International Organizations, 1988-89
