

Thank you for selecting this Yamaha SPM-10TV speaker mounting brackets. This model is designed specially for use with Yamaha NS-10MM speaker system.

### ■ PRECAUTIONS

Read the following precautions carefully before mounting your NS-10MM using these brackets.

- Do not use these brackets for mounting speakers other than NS-10MM.
- Mount these brackets on a TV rack etc. firmly by using commercially available wood screws. Mount the brackets properly and securely by following this manual. If the brackets are mounted improperly, they may fall down and you may be injured.
- Use commercially available wood screws which is proper for using on the board of TV rack. If you use a wood screw which is longer than the thickness of board and it is tightened through the board, you may injure yourself in the hand when you insert a hand into the TV rack.
- If your TV is a revolving type, mount the speakers and the brackets so that they will not touch the TV when the TV is revolved.
- Make sure to place these brackets on a flat surface. If placed on an uneven surface, they may fall down and you may be injured.
- To avoid accidents resulting from tripping over loose speaker cables, fix them to the wall.
- Do not attempt to clean the brackets with chemical solvents as this might damage the finish. To clean, wipe with a dry, soft cloth.
- To prevent the brackets from discoloring or being corroded, do not place the brackets where they will be exposed to direct sunlight or excessive humidity.
- **Secure placement or installation is the owner's responsibility. YAMAHA shall not be liable for any accident caused by improper placement or installation of the brackets.**
