Mark Vasu, 1991-05-01 **First Responder's Manual of Prehospital Trauma Care** Dinesh Vyas, 2018-01-01 First Responder's Manual of Prehospital Trauma Care is an easy to use education tool for all the conscientious citizens willing to serve their fellow companions in an adverse scenario of trauma and emergency The manual's target audience is firemen safety officers policemen teachers nurses drivers emergency room staffs medical and nursing students surgery residents and surgeons The founders of the book have stressed on the issues related to trauma which are described in a simple and understandable language It is basic but descriptive resource for layperson's first responders describing practical advice for the best care The focus of the manual is to educate people on the best standard of care in the prehospital settings and to learn methods of improvisation The authors have stressed on regularly confronted trauma situations in critical care through chapters on shock airway and circulation The Active Shooter Response Training Manual Scott M. Hyderkhan, 2018-04-30 The modern Active Shooter Response ASR has continually evolved since its inception approximately a decade ago This change is necessary to continue improvement on the ASR mission The Active Shooter Response Training Manual provides police personnel with the skills necessary to respond successfully to any active shooter situation Using established doctrine developed by the U S Army this program is designed to help create plan and execute ASR training at the departmental level The methods and protocols presented are applicable across all federal state and local law enforcement agencies The book

begins by describing the ASR operation in the format of an operations order. It categorizes threat levels, provides guidelines for action, describes the mission statement and execution of it, and addresses assets and equipment as well as issues related to command and signal. Next, the book explores training principles and their utilization for developing a sound ASR training cycle, movement formations for teams and squads, and the four phases of maneuver: find, fix, finish, and follow through. It covers Close Quarter Battle (CQB) and the principles of surprise, speed, and violence of action. Skills that are necessary to become proficient in creating a list of mission tasks critical to the success of the unit, command and control issues, and techniques for alleviating them. Performance evaluations for each phase of the ASR mission. Guidelines on selecting special equipment for the ASR mission. A supplemental training video and PowerPoint presentation enhance the text, providing a multitiered learning experience for police agencies of any size and enabling them to adopt the principles and techniques to their own needs.
