Virtual Business Game Lesson Answers Lesson 13:

Software Business Sami Hyrynsalmi, Mari Suoranta, Anh Nguyen-Duc, Pasi Tyrväinen, Pekka Abrahamsson, 2019-11-06
This book constitutes the refereed proceedings of the 10th International Conference on Software Business ICSOB 2019 held in Jyväskylä Finland in November 2019. On the occasion of its tenth anniversary the conference theme this year was The First Decade and Beyond and focused on the development during the past decade addressing the future of software intensive business as well as studies on new and emerging ideas. The 18 full papers and 10 short papers presented together with 3 invited talks, 6 emerging research papers and a tutorial were carefully reviewed and selected from 52 submissions. They are organized in the following topical sections: software ecosystems, management of software products, continual improvement and product development, impacts of digitalization, software business education, software startups and digital business.

The Obvious Choice Jonathan Goodman, 2025-01-14
Trying to win the internet is a gloriously inefficient way to build a business. No matter your goals, The Obvious Choice offers 15 essential lessons on profit and success that are timeless because they prioritize the humans who buy from you and not erratic and temperamental algorithms. Jonathan Goodman, one of the world's leading experts on helping people simplify their business, reveals proven frameworks for increasing efficiency, praying to the social media gods less, and mastering the art of finding your customers. Backed by a wide range of case studies, Goodman shows how modern marketing technology has led us astray. That start-ups and established organizations alike have bought into the misguided idea that they need to become famous on the internet just to make a few sales. If you're having trouble finding your way, the problem isn't you. The problem is what you've been made to believe it takes to succeed. This book is for any marketer, business owner, coach, or entrepreneur who wants an easier way to make more money, help more people, and have more freedom by avoiding wasted time and resources on dead ends and ineffective methods. Specifically, you'll learn how to: Build trust in business relationships through community specificity and familiarity; Apply the four-step content creation framework designed for business owners, not influencers, to get more customers because likes don't pay the bills; Improve profitability by cutting out the work not worth doing; Algorithms change, humans don't. No matter who you are and no matter what you sell, your customer is a human. And yet, marketing these days feels so inhuman. Filled with frameworks, entertaining stories, and admittedly bad dad jokes, The Obvious Choice is a much-needed recalibration and at times a refreshing slap for a business generation that's lost its way. Buy this book to learn how to earn more and compete less in this much-needed approach to success in a crowded marketplace.
