The External School in Carolingian Society Hildebrandt, 2021-09-20 This study explores one means of imparting Latin literacy in early medieval society the so called external school often presumed to have been a common feature of medieval monastic education It questions the prevalence of this institution and whether the external school can be used as evidence of relatively widespread literacy among the non clerical Carolingian population in particular By precisely defining and chronicling external schooling M M Hildebrandt invites the reader to reconsider conventional notions about the nature of the Carolingian educational program The author examines the intention of monastic founders and writers regarding education the effects of missionary activities on the religious training of non monks the attempts made by royal and ecclesiastical leaders to rationalize external schooling and the impact of ninth century political and economic turmoil on the development of this institution The scope of this book makes it of interest as a contribution to the current debate concerning the character of medieval literacy as well as a source book for the study of early medieval monastic education **The SAGE**

Encyclopedia of Theory in Counseling and Psychotherapy Edward S. Neukrug, 2015-02-12 The SAGE Encyclopedia of Theory in Counseling and Psychotherapy is a two volume source that traces theory and examines the beginnings of counseling and psychotherapy all the way to current trends and movements This reference work draws together a team of international scholars that examine the global landscape of all the key counseling and psychotherapy theories and the theorists behind them while presenting them in context needed to understand their strengths and weaknesses This is a quick one stop source that gives the reader the who what where how and why of contemporary counseling and psychotherapy theory From historical context in which the theories were developed to the theoretical underpinnings which drive the theories this reference encyclopedia has detailed and relevant information for all individuals interested in this subject matter Features Benefits Approximately 335 signed entries fill two volumes available in a choice of print or electronic formats Back matter includes a Chronology of theory within the field of counseling to help students put individual theories within a broader context A Master Bibliography and a Resource Guide to key books journals and organizations guide students to further

resources beyond the encyclopedia The Reader's Guide a detailed Index and the Cross References combine for effective search and browse in the e version and helps students take the next steps in their research journeys This reference encyclopedia serves as an excellent source for any individual interested in the roots of contemporary counseling and psychotherapy theory It is ideal for the public and professionals as well as for students in counselor education programs especially those individuals who are pursuing a Masters level degree **Resources in Education** ,1992-03
